*Emerging-market Multinational Enterprises in East Central Europe* Ágnes Szunomár, 2020-11-23 The rise of multinational enterprises MNEs from emerging markets is topical important and poses a number of questions and challenges that require considerable attention in the future from academia as well as business management The recent takeovers of high profile companies in developed or developing countries by non European emerging market MNEs EMNEs such as Lenovo Wanhua China Hindalco India CVRD Brazil Cemex Mexico Lukoil Russia etc as well as the greenfield or brownfield investments of emerging companies such as Huawei ZTE Tata Pepco etc show a new trend where new kind of firms become major players globally EMNEs have become important players in several regions around the globe ranging from the least developed countries of Africa through the developing markets in Latin America and Asia to the developed countries of the United States or the European Union including East Central European ECE countries EMNEs presence on the global level has resulted in numerous studies in the international literature but those research results barely cover EMNEs activities in the ECE region in the East Central European EU member countries including the Czech Republic Hungary Poland Slovakia and Slovenia The existing books typically focus on the investment activity of a single country or region such as China or East Asia but a comprehensive analysis is still missing in this regard The novelty of this edited volume is that it aims at exploring EMNEs location determinants strategies activities and challenges in East Central Europe by discussing its anomalies to the traditional theories as well as to other types of MNEs in the ECE region The authors focus on EMNEs not only from China but from other important emerging countries too such as Russia India South Korea Taiwan Turkey Brazil or South Africa

### International Human Resource Management in South Korean Multinational Enterprises Haiying Kang, Jie

Shen, 2017-02-28 In this book Korean multinational enterprises management strategies in China are analyzed China is re centering Asia around its newfound economic might even as neighboring countries such as Japan and Korea will remain more economically developed for generations to come How do Asian companies adapt to the Chinese market In this fascinating study Haiying Kang and Jie Shen investigate how Korean enterprises have adapted human resources practices to the evolving corporate climate in China Unorthodox blends of culture legal expectations and more make the market a truly interesting one to explore HRM practices on the margins Compelling for academics in HRM but also related social sciences HR practitioners and corporate leaders alike this book is a timely look at new Asian corporate cultures

**Western Multinational Corporations in Latin America** Moritz Kappler, 2022-05-20 This book advances the debate on socio economic development and multinational corporations MNCs It provides an actor centered perspective and develops the framework called Conflating Capitalisms that allows for a better understanding of both MNC induced institutional change in the host country and the subsequent impact on local development The book uses the empirical case of Western MNCs in Latin America It applies a sequential mixed method design including a large scale elite survey on corporate behavior and in depth semi

structured interviews with local decision makers on the institutionalization of German dual vocational training DVT in Brazil The book presents strong evidence for both behavioral contradiction in the host country with MNCs showing alien to the system behavior and subsequent actor induced institutional change with varied developmental impact Additionally the book offers novel insights into MNCs handling of missing complementary institutions and the institutionalization process of coordinated practices in Latin America This book appeals to scholars students and practitioners who are interested in advancing the field of development and MNCs The Multinational Traders Geoffrey G Jones,2013-02-01 This book is a detailed account of the evolution and theory of multinational trading companies The book features contributions from an international selection of US European and Asian economists and business historians which demonstrate the importance of trading companies in trade and investment flows in the world economy from the nineteenth century to the present The authors adopt evolutionary and comparative perspectives to examine diversification strategies and organizational structures This innovative study provides a major new dimension to our knowledge of the history and theory of international business

**Global Capitalism** Hugo Radice,2014-08-01 The essays in this volume were published across the 1984 2011 period and range across a variety of topics and approaches to investigate the changing nature of global capitalism as a social order As such they are a valuable and instructive account of the evolution of global capitalism and of the debates which sought to make sense of this moreover they enable us to understand more clearly how capitalism may change and evolve in the coming years and decades The introduction provides a brief historical account of how global capitalism has changed since the 1960s before summarising each of the essays situating them more immediately in the context in which they were written After sketching the evolution of his views over the period the author concludes by discussing some important dimensions of global capitalism that need further study The twelve essays are presented in four sections dealing with the overarching theme of globalisation the case of Britain the developing regions of the global South and the former Soviet bloc and the crisis that has gripped global capitalism since 2008 Presenting an interdisciplinary approach that corresponds with the emergence of international political economy as a distinct field of scholarship this book will prove to be an invaluable resource for students and scholars of international political economy politics economics international relations development studies human geography critical sociology and business studies **European Studies Newsletter** ,1996 **European Economic**

**Integration as a Challenge to Industry and Government** Richard Tilly,Paul J.J. Welfens,2013-12-14 explicit presentation of some of those stylized facts in the form of a brief chronologically structured narrative In keeping with the broad scope of this volume we begin by going back at least two hundred years to the growth of an integrated national capital market in England in the 18th century see Neal Chapter This starting point has the advantage of calling attention to a number of important points First the form of integration by which a central market London for a standardized good government bonds or consols came to serve as linkage between two or more hitherto separate regional markets represents a typical and

important form of financial and economic integration In Kindleberger's terminology it is the integration via third parties form where supply and demand prices in A and B converge 2 A C B instead of A B In the 18th century English context this central market provided a widely available index of the opportunity costs of alternative investments the importance of which should not be underestimated for it contributed to national economic integration in England NEAL 1994 Second this example illustrates an important point of political economy The prerequisite for the development of the central market mentioned was the establishment of sound public finances based on the state's widely accepted power to tax **Taxation of Multinationals**
