Mum The Sothsegger:

Mum and the Sothsegger Mabel Day, Robert Steele, 2001-05 **Mum and the sothsegger** Mum and the sothsegger, Mum and the sothsegger Mabel Day, 1971 **Mum and the sothsegger** William Langland, 1936 Mum and the Sothsegger. Edited from the Manuscripts Camb. Univ. Ll. IV. 14 and Brit. Mus. Add. 41666, by Mabel Day and Robert Steele. [Including the Middle English Alliterative Poem Sometimes Known as "Richard the Redeless," Supposed by the Editors to be Part of "Mum and the Sothsegger."]., 1936 *Richard the Redeless and Mum and the Sothsegger* James M Dean, 2000-12-01

This volume makes available two somewhat neglected yet significant and instructive Middle English alliterative texts that are usually read in conjunction with William Langland's *Piers Plowman*. The texts both anonymous are *Richard the Redeless* which concerns the government style of Richard II 1367-1400 reigned 1377-99 and *Mum and the Sothsegger* which addresses social issues in the reign of Henry IV 1367-1413 reigned 1399-1413. They should be assigned reading not only for those interested in the later reception of *Piers Plowman* but also for those seeking to understand literary and historical forces in late fourteenth and early fifteenth century England. *Richard the Redeless* focusing on events in and around 1399 offers an often regretful sometimes sharp critique of Richard's kingship under the guise of advice. *Mum and the Sothsegger* provides a satirical look at bureaucratic institutions during Henry's regime. Both works reveal that alliterative poetry in the *Piers Plowman* tradition continued to be the chief vehicle for political and social criticism at the turn of the fourteenth century.

Mum and the sothsegger, edited by mabel day Mabel (editor) Day, 1936 Mum and the Sothsegger Ed., 1971 **The Encyclopedia of Medieval Literature in Britain, 4 Volume Set** Sian Echard, Robert Rouse, 2017-08-07

The British Museum Quarterly, 1929 *Strategies of the Silent in Medieval English Literature* Edwin D. Craun, 2025-08-19

Silence like speech is a mode of communication that can be used strategically. In *Strategies of the Silent* in

Medieval English Literature Edwin D Craun investigates the silences in public life that punctuate talk in late Middle English literature Centering his study on readings of canonical texts including the works of Thomas Hoccleve the anonymous *Mum and the Sothsegger* William Langland's *Piers Plowman* John Lydgate's translation of Guillaume de Deguileville's *Pelerinage de vie humaine* The Testimony of William Thorpe a selection of the York cycle of passion plays and The Book of Margery Kempe's Craun recovers the widespread moral discourse on silence developed by late medieval secular and clerical writers who compiled materials from Roman popular morality and Stoic texts as well as Jewish wisdom books and Christian texts These texts model how silence could play a role in effective government respond to violent and angry antagonists or in some cases to entirely obviate a good outcome Through this nuanced exploration of the ethics of communication in medieval moral narrative and dramatic literature Craun shows us that public silences then as now have strategies and consequences dimensions that medieval imaginative writers explore subtly yet analytically in order to provoke ethical reflection and pragmatic action Strategies of the Silent in Medieval English Literature offers original thematical and rhetorical insights into the written history of silence It will appeal to scholars graduate students and advanced undergraduates interested in Middle English literature history and political thought The Manor, the Plowman, and the Shepherd Ordelle G. Hill, 1993 By the early sixteenth century the agrarian landscape changed to more pastoral land more enclosures and a decrease in or a rearrangement of manorial lands Increased population and an abundance of labor created economic tensions that caused moralizers to cry out for reform but there is no evidence pastoral lands decreased even by the end of the century In literature the plowman tradition continued to exist in such forms as the remarkable sermon by Bishop Latimer but more often than not it was viewed nostalgically as part of the past and used to address the problems brought about by the pastoral economy of the sixteenth century The plowman can be identified even as late as Spenser's *Faerie Queene* where he assumes the moral associations of the fourteenth century type and in Sidney where the plowman becomes the unsympathetic buffoon The Literary History of England Kemp Malone, 1969 The paperback edition in four volumes of this standard work will make it readily available to students The scope of the work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time Reviewing the first edition The Times Literary Supplement commented in inclusiveness and in judgment it has few rivals of its kind This first volume covers The Middle Ages to 1500 in two sections The Old English Period to 1100 by Kemp Malone John Hopkins University and The Middle English Per *Mum and the Sothsegger* Mum and the Sothsegger, 1971 *The Year's Work in Librarianship* Arundell James Kennedy Esdaile, 1929 A contribution to the literature of librarianship A yearly methodical survey of current publications and activities cf Pref *The Literary Geography of Middle English Alliterative Long-line Poetry* Patricia Ann Byles Cathcart Price, 1997 **A Study of Mum and the Sothsegger in Its Political and Literary Contexts** Helen Barr, 1989 **The Bookman's Journal with which is Incorporated The Print Collector** Wilfred Partington, 1929 *Annual Bibliography of English*
