Murder Elite:

Killer Elite Bradley J. Steiner, 1985-01-01 **Murder in Parisian Streets** Thomas Cragin, 2006 In *Murder in Parisian Streets* Thomas Cragin provides an in depth study of the production sale and content of the canards. He demonstrates their significance to nineteenth century culture even their role in determining the emerging tabloid's success. Cragin explores the incremental creation of textual meaning in the canards authorship, production, distribution and consumption. He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature. The canards challenge our assumptions about the nineteenth century's revolution in print and reorient our understanding of cultural creation through textual construction.

Jacket **Serial Killer Cinema** Robert Cettl, 2007-10-18 The release of *Silence of the Lambs* in 1991 which swept the major Academy Awards categories legitimized the serial killer movie a genre that dates back as far as the silent era. From *Absence of the Good* to *Zodiac Killer* this reference work allows a detailed study of the development of the serial killer film as a distinct genre with its own character types, narrative patterns and styles. An introduction outlines the historical evolution of this film genre and covers the whole range of cinematic interpretations from the response to *Jack the Ripper* and other real life serial killers through the late 1960s to the current state of the genre. Arranged alphabetically by title the filmography covers over 500 feature films and select television movies. Each entry contains a listing of the film's main credits, a synopsis of the film, a summary of the film's respective merits and a discussion of how they fit into the themes and structures outlined in the introduction. Only films that portray the serial killer as a repeat pattern killer and directly or by suggestion reveal the killer's aberrant sexual motivations or their craving for manipulation, domination and control with subsequent desires to punish women or society are included.

The Gothic Peckinpah Tony Williams, 2024-05-03 This book argues for the importance of Gothic in understanding one of the key elements within the films of Sam Peckinpah 1925-1984. Although occasionally noted in the past the Gothic has been generally overlooked when most critics consider the work of Sam Peckinpah with the exception of the Freudian based *Crucified Heroes* 1979 by Terence Butler. This work not only examines the films made after that date especially the often dismissed *The Osterman Weekend* 1983 and the two music videos he made for Julian Lennon but also places the director within the context of the developing work on Gothic that has since appeared. Peckinpah has been identified as the director of one undisputed masterpiece *The Wild Bunch* 1969. By focussing on the key role Gothic plays in most of the director's work this book offers a way to see Peckinpah beyond *The Wild Bunch* and the Western viewing him as a director who had the potential of evolving further had circumstances permitted to continue his critique of American life within the developing lens of the Gothic.
