Specters Luis Sierra, 2021-01-14 This original study examines a vital but neglected aspect of the 1952 National Revolution in Bolivia the activism of urban inhabitants Many of these activists were Aymara speaking people of indigenous origin who transformed the urban environment politics and place of indigenas and neighbors within the city of La Paz Luis Sierra traces how these urban residents faced racial discrimination and marginalization despite their political support for the Movimiento Nacionalista Revolucionario MNR La Paz's Colonial Specters reassesses the contingent relational nature of Bolivia's racial categories and the artificial division between urban and rural activists Building on rich established historiography on the indigenous people of Bolivia Luis Sierra breaks new ground in showing the role of the neighborhoods in the process of urbanization and builds upon analysis of the ways in which race gender and class discourse shaped migrants interactions with other urban residents Questioning how and why this multiclass and multi ethnic group continued to be labelled by elites and the state as un modern indigena the author uses La Paz to demonstrate the ways in which race class and gender intertwine in urbanization and in conceptions of the city and nation Of interest to scholars researchers and advanced students of Latin American history urban history the history of activism and the history of ethnic conflict this unique study covers the previously neglected first half of the 20th century to shed light on the urban development of La Paz and its racial and political divides **An Anarchy of Families** Alfred W. McCoy, 2009 Winner of the Philippine National Book Award this pioneering volume reveals how the power of the country's family based oligarchy both derives from and contributes to a weak Philippine state From provincial warlords to modern managers prominent Filipino leaders have fused family politics and business to compromise public institutions and amass private wealth a historic pattern that persists to the present day Edited by Alfred W McCoy An Anarchy of Families explores the pervasive influence of the modern dynasties that have led the Philippines during the past century Exemplified by the Osmeas and Lopezes elite Filipino families have formed a powerful oligarchy controlling capital dominating national politics and often owning the media Beyond Manila strong men such as Ramon Durano Ali Dimaporo and Justiniano Montano have used guns goons and gold to accumulate wealth and power in far flung islands and provinces In a new preface for this revised edition the editor shows how this pattern of oligarchic control has continued into the twenty first century despite dramatic socio economic change that has supplanted the classic three g's

Crisp, 2021-07-19 Herman Ehrenberg wrote the longest most complete and most vivid memoir of any soldier in the Texan revolutionary army His narrative was published in Germany in 1843 but it was little used by Texas historians until the twentieth century when the first and very problematic attempts at translation into English were made *Inside the Texas Revolution The Enigmatic Memoir of Herman Ehrenberg* is a product of the translation skills of the late Louis E Brister with the assistance of James C Kearney both noted specialists on Germans in Texas The volume's editor James E Crisp has spent much of the last 27 years solving many of the mysteries that still surrounded Ehrenberg's life It was Crisp who discovered that Ehrenberg lived in the Texas Republic until at least 1840 and spent the spring of that year as ranger on the frontier Ehrenberg was not a historian but an ordinary citizen whose narrative of the Texas Revolution contains both spectacular eyewitness accounts of action and almost mythologized versions of major events that he did not witness himself This volume points out where Ehrenberg is lying or embellishing explains why he is doing so and narrates the actual relevant facts as far as they can be determined Ehrenberg's book is both a testament by a young Texan everyman who presents a laudatory paean to the Texan cause and a German's explanation of Texas and its fight for freedom against Mexico to his fellow Germans with a powerful subtext that patriotic Germans should aspire to a similar struggle and a similar outcome a free democratic republic *The Missions and Missionaries of California: Lower California* Zephyrin Engelhardt, 1908
