**Cultural Crisis and Social Memory** Charles F. Keyes, Shigeharu Tanabe, 2013-10-18 This book explores social memory in the context of cultural crises of modernity in Thailand and Laos It explicates the ways in which social memory constructed by the people enters modernity and how this in turn causes fundamental ruptures with their past as well as the various ways cultural crises are experienced in their lives The essays in this book consider how in these crises the people constitute their cultural social or individual identities particularly focusing on the theoretical issues of identifications and their relevance to distinct historical processes in Thailand and Laos Both countries particularly in the two decades since the 1970s have been undergoing radical social and economic changes Whilst Thailand has travelled down the road to industrialization neighbouring Laos experienced a communist revolution in 1975 and only since the late 1980s has attempted to follow a reformist path to development Increasingly influenced by globalised economic and social institutions both countries have come to face crises that have made people insecure in the present and anxious about the future

Demystifying Mediumship Kerry Alderuccio, 2021-11 Demystifying Mediumship what makes a medium In 2012 Kerry Alderuccio lost her 19 year old son Sam in a tragic car accident Until that moment she d been oblivious to the world of mediums psychics and healers Kerry couldn t accept that death was the final act of life and six weeks after Sam s passing she saw a medium for the first time As she d hoped Sam was there to communicate with his parents and a whole new world opened up for Kerry On a quest to learn more about mediumship Kerry joined a spiritual development circle in her hometown of Melbourne where a whole new world of previously unknown possibilities became apparent As a result Kerry discovered her own latent mediumistic abilities and her search took her to the United Kingdom where she began studying mediumship at the world renowned Arthur Findlay College This personal discovery made Kerry question why mediumship was universally misunderstood and it s healing powers often overlooked An unexplained mystery surrounded the practice of mediumship and Kerry wanted to explore the misconceptions and fallacies associated with it To answer this question Kerry reached out to seventeen respected mediums from different countries ages and backgrounds to share their own unique stories of how their mediumship journeys unfolded Demystifying Mediumship is the product of those conversations It details powerful stories of personal loss pain sexuality alcoholism religion and escape as well as love and hope It sensitively tells their stories and the catalyst that led each of them to discovering their gifts Kerry skilfully explains mediumship as a practice helping readers to understand this ancient form of

communication with the Spirit world Demystifying Mediumship what makes a medium seeks to explain a topic that is too often shrouded in scepticism and misunderstanding and leaves you in awe of what is truly possible
