V. Savitch, Ronald K. Vogel, 1996-07-29 Bringing together the thoughts of outstanding contributors Regional Politics presents a comparative study on the emerging regional nature of local and urban politics Recent studies tend to focus on the politics and power of internal cities or on suburban areas that have gained incredible strength in the past decade However this important volume explores how politics work in the extended metropolis or functional city which includes and surrounds the urban core and whose economy society and politics are integrally joined Contributors center on detailed case studies of 10 cities with a look at the development of regional patterns an analysis of the impact regionalism has on urban politics and an outline for an overall approach The comprehensive and state of the art expertise presented in this volume makes Regional Politics ideal for planners policymakers academics researchers and students in the areas of urban politics state and local government and public policy **Regional Politics in Oceania** Stephanie Lawson, 2024-02-22 Stephanie Lawson s book is by far the most comprehensive study of regional politics in Oceania produced to date Drawing on a range of interdisciplinary sources she provides a systematic account of major issues facing the region and presents conceptual and theoretical issues in a sophisticated but accessible manner She traces the trajectories of regional politics from the earliest human settlements to European exploration and colonization the period of formal regionalization in the post war period decolonization the Cold War and key geopolitical developments in the post Cold War period She also focuses on identity politics manifest at various levels from the local through to the national subregional and regional as well as broader configurations around the West non West divide This book will be of interest to anyone engaged with the history and politics of Oceania or comparative regional studies especially given the relevance of themes to Asian African and Latin American contexts Leadership and Politics Bryan D.
