

THIS CLASSIC TRANSLATION of the Greek New Testament offers distinct advantages over the standard versions currently available. Unlike other versions of the New Testament, this expanded translation by Kenneth Wuest uses as many English words as are necessary to bring out the full richness, force, and clarity of the original Greek text. Neither a paraphrase nor an interpretation, this unique translation — based on the earliest and most accurate Greek texts — brings new meaning to the language and message of the New Testament for today's readers.

THE NEW TESTAMENT: *An Expanded Translation*

- introduces readers with no knowledge of Greek to the original language of the New Testament
- captures the style of the original writings
- brings out the full meaning of each Greek word
- structures sentences according to the Greek word order, placing the emphases where the original writers put them
- clarifies distinctions between Greek synonyms that are often simply rendered, in other translations, by the same English word
- arranges the text into paragraphs, helping readers to better grasp the logical units of thought
- serves as a valuable companion to, and commentary on, other versions of the New Testament

KENNETH S. WUEST was professor of New Testament Greek at Moody Bible Institute, Chicago, Illinois, until his death in 1962. His other works include the four-volume *Word Studies in the Greek New Testament*, of which this volume is a part.
