Nonet Op 31:

Figures of Modernity Rūta Stanevičiūtė, 2024-11-11 The subject of this book is the activity of the Lithuanian Section of the International Society for Contemporary Music its pre history 1936-1939 and post war reception as well as the history of the Vilnius Chapter of the ISCM Polish Section which is seen as integral part of the modernisation of Lithuanian and international musical culture. With the aim of including the modern music movements in Kaunas and Vilnius in the international context the book presents a critical review of ISCM strategies and a history of festivals in the interwar and early Cold War periods. In the said context not only the artistic but also the political contexts of the Society's activities are important. The Lithuanian Section of the ISCM is attributed to typical organisations of small countries stimulated by an international movement of modern music. However in an environment of cultural transfer not only the migration of ideas from the centre to the periphery is important but also the response from the periphery to the centre. The author addresses the issues which are only marginally represented in many histories of the 20th century musical modernisation.

Catalogs Harold Reeves (Firm), 1919 Domenico Dragonetti in England (1794-1846) Fiona M. Palmer, 1997-11-13 Dragonetti devoted his life to the double bass. His career in England 1794-1846 is one of the most remarkable success stories in the annals of musical history. His unprecedented virtuosity elevated the double bass to a new status. In combination with his charismatic personality his musical talent dominated the English cultural world for more than fifty years. As performer, composer, collector and friend he exposed the unforeseen potential of the double bass. His formidable talent as a musician and businessman provides an unusual insight into nineteenth century entrepreneurship. This first substantial biography and assessment of Dragonetti's career allows us to understand his importance in the history of music in general and of double bass performance in particular.

The second edition of Susan J MacLagan's *A Dictionary for the Modern Flutist* presents clear and concise definitions of more than 1 600 common flute related terms that a player of the Boehm system or Baroque flute may encounter. Fully illustrated with more than 150 images the entries describe flute types, flute parts, playing techniques, acoustics, articulations, intonation, common ornaments, flute making and repairs, flute history, flute music books, and many more topics. Unique to the second edition are entries on beatbox techniques and muscles of the face and throat. Entries now also feature bibliographic cross references for further research. Carefully labeled illustrations for many flute types, parts, mechanisms, and accessories help make definitions easier to visualize. Appendixes provide further information on such subjects as flute classifications, types of flutes and their parts, key and tone hole names, head joint options, orchestra and opera audition excerpts, and biographies of people mentioned in the definitions. Contributed articles include *An Easy Guide to Checking Your Flute Tuning and Scale* by Trevor Wye, *Flute Clutches* by David Shorey, *Early Music on Modern Flute* by Barthold Kuijken, and *Crowns and Stoppers* and *Boehm Flute Scales from 1847 to the Present*. The *Short Story* by Gary Lewis. MacLagan's *A Dictionary for the Modern Flutist* second edition is an essential reference volume for flutists of all levels and for libraries supporting student, professional, and amateur musicians.
