The Darkest Sides of Politics, I Jeffrey M. Bale, 2017-09-04 This book examines a wide array of

phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The first volume in this two volume collection focuses on the history of underground neo fascist networks in the post World War II era neo fascist paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s and the manipulation of those and other

terrorist organizations by the security forces of various states both authoritarian and democratic A range of global case studies are included all of which focus on the lesser known activities of certain secular extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics

Leo Krzycki and the Detroit Left Don Binkowski,2001 As Dr Edward Jennings wisely observed Most Polish American historians were too conservative to be interested in radicalism On the other hand most historians especially labor historians were liberal to radical and weren t interested in the Polish community because it wasn t radical enough However it must be emphasized that I am presenting primarily an American perspective of liberal persuasion of the work of Leo Krzycki in the Polish Left 1942 1950 while attempting to be loyal to the Polish cause The Detroit Left was an infinitesimal part of Polonia Hopefully I have not been chauvinistic to either view The label Detroit Left resulted from many radical activities often spawned by the Depression The anti Soviet writers coined the expression Detroit Left based upon the perceived headquarters of the Polish Left Only Krzycki s involvement has been researched not the complete breadth of the Polish Left so that their entire involvement remains to be revealed Starting with Daniel DeLeon s Detroit IWW headquartered in Hamtramck Detroit was home to the radicals in the circle of C L R James known as the Johnson Forest Tendency in the 1940s A 1940s member of the Detroit Habonim recalled the panoply of radical groups that existed in Detroit not only Zionist radicals but Communists Trotskyites Socialist Labor Party people and even a few surviving Wobblies Black Power manifested itself in DRUM and Malcolm X dubbed Detroit Red In the Detroit area as nationally labor did more than most civilians to win the war stated William O Neill During WW II Detroit America s fourth largest city became the center of America s heavy industry the arsenal
