Department of Archives & Special Collections,2011 **The Lore and the Lure of the Yosemite; the Indians, Their Customs, Legends and Beliefs, and the Story of Yosemite, by Herbert Earl Wilson** Herbert Earl Wilson, Lights and Shadows of Yosemite Katherine Ames Taylor,1926 Yosemite Valley According to geologists Yosemite Valley is nearly in the center of the State of California north and south and in the middle of the Sierra which is seventy miles wide at this point It is described in Government documents

as being a cleft or gorge in the Sierra range which suggests erroneously some deep canyon Valley on the other hand conjures up an image of flatness broad meadows and meandering streams As a matter of fact Yosemite is a rare combination of both The floor of the Valley three thousand feet below its rim runs in an easterly and westerly direction and is seven miles long and about a mile across at its widest point It alternates flowery meadows through which the Merced River winds with fragrant groves of pines firs spruces and incense cedars On all sides sheer granite cliffs rise almost perpendicularly to a height of from 2500 to 5000 feet These form at times sheer shafts of granite as in the Sentinel Rock and Cathedral group at others they round into vast domes or group themselves in gigantic piles of sculpturing Over their sides appear glistening ribbons of cascades or the thundering falls of Yosemite Bridal Veil Vernal and Nevada The wonder of Yosemite does not lie in its bewildering heights and overpowering distances but in its amazing harmony of magnitude and fragile beauty Single features so blend into the magnificent whole that it takes days to appreciate it all Waterfalls five hundred to one or two thousand feet high are so subordinated to the mighty cliffs over which they pour that their own significance is blurred Mighty trees fringe these walls like waving grain Broad meadows at their feet appear but narrow strips of lawn Things frail and fleeting and types of endurance meet here and blend into countless forms as if into this one mountain mansion Nature had gathered her choicest treasures
