Lori The Circle Of Friends I:

Lori'S Lessons Carol Ferring Shepley,2013-10-28 When Lori Patin first received her diagnosis of Parkinsons at age fifty five she wanted to cry until she died When she made up her mind to fight the disease her husband and caregiver Bob took a stand beside her In Loris Lessons author Carol Ferring Shepley tells the story of the Patins love throughout the course of the disease and how it affected their lives But this memoir is about much more than Loris struggle against Parkinsons disease a progressive incurable degenerative disorder that affects the central nervous system Its also the story of someone who has faced a terrible challenge met it head on and refused to concede In the struggle she has learned vital lessons about life itself Loris Lessons shares how for fifteen years Lori fought relentlessly but in the summer of 2011 she lay in a coma At the time Bob thought the best he could hope for was to bring her home with a nurse Thanks to a miraculous remission however today she doesnt even have tremors Offering inspiration and hope Loris Lessons presents a 360 degree perspective on how Lori attacked the disease She has taken many pharmaceuticals but the two strongest drugs in her regimen are hope and faith

The Power of Female Friendship Paul Dobransky,L. A. Stamford,2008-05-27 A compassionate practical and science based guide to finding friends for life Psychiatrist Paul Dobransky author of The Secret Psychology of How We Fall in Love once again looks to the brain this time to examine the full range of female friendships A recent study has shown that women have fewer friends than they used to In the years after college and before children and even after that many women find that they have fewer friends and new ones are harder to make Taking his three parts of the brain theory Dr Dobransky breaks down the primal codes of friendship that many women aren t even aware of and gives scientifically grounded advice for understanding how to be a better friend and how to cultivate new friendships Women of all ages who are searching for deeper relationships or are trying to break free of a toxic friendship will find help and hope in this enlightening and prescriptive exploration of how the brain makes friends Lori L. Diane Wolfe,2004-04 Dreaming of a Gold Medal Lori had spent her entire life preparing to compete in the Olympics Swimming was the only thing she knew and Lori poured endless hours into her training every day She was focused determined and had the attitude of a winner There was something missing though Lori was smart beautiful and ever the optimist but she was always alone There was no one to share her victories with and to encourage her to greater heights Then one fateful day she met a man who would change her life forever Through Jason Lori discovers her inner strength and begins to overcome her fear and isolation As his affections renew her hope Lori s joy and love ripples out to touch those around her She realizes that one person s passion and belief can make a difference Will it be enough to help her achieve her lifelong dream though Or will the struggles and sacrifices be too much for love to survive *Fallen Justice* Lee Wallace,2018-10-12 Truth faith and sound reasoning collide with criminal justice after a toddler dies from catastrophic head injuries allegedly inflicted by a young mother at her daycare center Her fight against murder charges is fraught with numerous unexpected and inexplicable roadblocks and struggles that often tests her faith in

the justice system a loving God and in others However the names of all individuals businesses entities and locations are fictional and any names resembling an actual person living or dead are purely coincidental However all facts and events are as they actually happened and documented by personal and court records Although written from the perspective of a paralegal and the mother of the defendant it is not an analysis or critique of all the legal and medical forensic issues involved However important evidence and facts not previously known by the media the public the judge and jury are revealed The first postscript to the story discusses several criminal justice defects and makes radical suggestions that will make the systems more efficient and just The second postscript discusses several medical myths associated with children s short distance falls SDF Shaken Baby Syndrome SBS and intentional infliction of traumatic brain injuries TBI It also recaps some of the latest forensic research and discoveries that explain alternative causes to claims of child abuse Finally this story encourages faith in God and developing an eternal perspective when life is not fair and does not make sense **The Woman God Created**
