Lost Angeles:

Lost Angeles Odie Hawkins,1994 **Chronicles of Old Los Angeles** James Roman,2015-03-01 There's more to Los Angeles than lights camera action From the city's early devilish days populated by missionaries robber barons oil wells and orange groves **Chronicles of Old Los Angeles** explains how the Wild West became the Left Coast Learn how Alta California became the 31st state and how ethnic waves built Los Angeles from Native Americans to Spaniards Latinos and Asians followed by gangsters surfers architects and the Hollywood pioneers who brought fame to the City of the Angels Then discover the city yourself with six guided walking driving tours of LA's historic neighborhoods profusely illustrated with color photographs and period maps **Lost Angeles** Paul Jasmin,Sofia Coppola,Bruce Weber,2004 In Paul Jasmin's hauntingly beautiful new book **Lost Angeles** the city takes on a quality of light and personality known only to someone who has experienced it first hand Here are the tarnished angels that hang out on Hollywood Boulevard or in local motel rooms that have come to L A looking for the American dream Hollywood style and have quickly discovered it takes more than just desire to succeed Jasmin combines formally fluid pictures of these youths languishing in dreamlike settings or in erotically charged compositions clothed and unclothed His images present the viewer with a personal survey of Los Angeles of the place and the people who live there some of whom have realized their dreams some of whom are still searching A major figure in the world of photography and an influence on many of today's young artists Jasmin has included among his subjects his friends including Sofia Coppola who along with long time friend and admirer Bruce Weber have contributed essays that explore the depths of this truly rarefied vision They add yet another dimension to his portrait of a town they all love **Lost Angeles** Michael Dressel,2022-02-22 Michael Dressel's street photography relies on his long practiced ability to anticipate events that are about to happen and the readiness to capture these moments In **Lost Angeles** the viewer is invited to view some of Dressel's most poignant portraits and to be transported to that moment and place Dressel professes to loving Los Angeles warts and all and is clearly comfortable moving through the city's streets angling for those magical moments and showing us things that most would rather look away from Mr Dressel was born in East Berlin and spent 2 years in a Stasi prison after being captured while climbing the Berlin wall He moved from Berlin to Los Angeles in 1986 and has spent the past 35 years taking photos while making a living as a movie sound editor **Lost Angeles** features an interview with F Scott Hess artist and associate professor at Laguna college of Art along with an afterword by Matthias Harder the director of the Helmut Newton Foundation Berlin The black white photographs collected for **Lost Angeles** were taken between 2014 2020 I do believe in magic The magic that happens when I am pointing a camera at life and freeze a few hundredths of a second into an image Afterwards that image turns into this thing that communicates what I think and feel about the world This magic allows me to photograph myself into the world Michael Dressel **The United States Catalog** ,1928 **The United States Catalog** Ida M. ,1993 **In and about Los Angeles** ,1906 The Los Angeles River Blake Gumprecht,2001-04-30 Winner of the J B Jackson Prize from the Association of American Geographers Three centuries ago the Los Angeles River meandered through marshes and forests of willow and sycamore Trout spawned in its waters and grizzly bears roamed its shores The bountiful environment the river helped create supported one of the largest concentrations of Indians in North America Today the river is made almost entirely of concrete Chain link fence and barbed wire line its course Shopping carts and trash litter its channel Little water flows in the river most of the year and nearly all that does is treated sewage and oily street runoff On much of its course the river looks more like a deserted freeway than a river The river s contemporary image belies its former character and its importance to the development of Southern California Los Angeles would not exist were it not for the river and the river was crucial to its growth Recognizing its past and future potential a potent movement has developed to revitalize its course The Los Angeles River offers the first comprehensive account of a river that helped give birth to one of the world s great cities significantly shaped its history and promises to play a key role in its future
