Kim, 2014-01-24 In this autobiography Richard E Kim paints seven vivid scenes from a boyhood and early adolescence in Korea at the height of the Japanese occupation during WWII 1932 to 1945 Taking its title from the grim fact that the occupiers forced the Koreans to renounce their own names and adopt Japanese names instead the book follows one Korean family through the Japanese occupation to the surrender of Japan and dissolution of the Japanese empire Examining the intersections of Japanese and Korean history that influenced Korea Japan relations at the time *Lost Names* is at once a loving memory of family an ethnography of Zainichi Koreans in 1930s Japan and a vivid portrayal of human spirit in a time of suffering and survival *The Book of Lost Names* Kristin Harmel, 2020-07-23 Throughout the 1940s forgers helped thousands of children escape Nazi France In this instant New York Times bestseller Kristin Harmel reimagines their story Perfect for readers of *The Tattooist of Auschwitz* *The Librarian of Auschwitz* and *The Book Thief* In 1942 Eva is forced to flee Paris after the arrest of her father a Polish Jew Finding refuge in a small mountain town she begins forging identity

Sarah Soh,2020-05-15 In an era marked by atrocities perpetrated on a grand scale the tragedy of the so called comfort women mostly Korean women forced into prostitution by the Japanese army endures as one of the darkest events of World War II These women have

usually been labeled victims of a war crime a simplistic view that makes it easy to pin blame on the policies of imperial Japan and therefore easier to consign the episode to a war torn past In this revelatory study C Sarah Soh provocatively disputes this master narrative Soh reveals that the forces of Japanese colonialism and Korean patriarchy together shaped the fate of Korean comfort women a double bind made strikingly apparent in the cases of women cast into sexual slavery after fleeing abuse at home Other victims were press ganged into prostitution sometimes with the help of Korean procurers Drawing on historical research and interviews with survivors Soh tells the stories of these women from girlhood through their subjugation and beyond to their efforts to overcome the traumas of their past Finally Soh examines the array of factors from South Korean nationalist politics to the aims of the international women s human rights movement that have contributed to the incomplete view of the tragedy that still dominates today *Jews and the French Revolutions of 1789, 1830 and 1848* Zosa Szajkowski,1970 The Name Game Warithu-Deen Umar,1991-02-01 THE BOOK OF LOST NAMES What every Black African American should know about their names It s not just a name book This book is an overview of name usage the historic impact of the descendants of Europe re naming their slaves the descendants of Africa The Americanized Africans are the only people who wear everyone else s names How has it affected America s Black population over time Does it make a difference This book will change your mind about Blacks in America Why they undevelop why most are dis cultured Most importantly this book shows how they can change their lives their future **The Region of Lost Names** Fred Arroyo,2008 Remember that the dream of one is the dream of everyone Ernest is searching for a place where he can live beyond his past His family has returned to Puerto Rico and Ernest remains in the States desiring only distance from his memories of childhood displacement and work his parents tumultuous relationship and his own love for Magdalene Magdalene too looks to move beyond her memories as she follows Ernest s family home seeking resolution to her mother s hurtful secrets her father s unknown identity and her love for Ernest As Ernest moves through the fields of Michigan as Magdalene traverses the jungles of Puerto Rico and the shores of the Caribbean they discover that their dreams and identities are linked within the framework of their families and their pasts Together Ernest and Magdalene must come to terms with the secrets and mistakes made by the previous generation the histories of disloyalty and abandonment of secrecy and sorrow Their struggles take place in a region of lost names where loves and memories are banished and found Fred Arroyo writes a story in two voices following Ernest and Magdalene by turns in prose that is elegant and lyrical His words evoke another world lush with the scent of salt spray the taste of mangoes and the rush of leaves alive with characters whose ardors and pathos are achingly real Arroyo explores the ebb and flow between past and present and themes that are enduring Ultimately Ernest and Magdalene must live with more than their memories they must rediscover the intimacies of the region of lost names The Century Dictionary and Cyclopedia: Cyclopedia of names William Dwight Whitney,1904 A Shared Legacy Fintan Cullen,2017-07-05 A Shared Legacy Essays on Irish and Scottish Art and Visual Culture brings together for the first time a

unique selection of new research by leading Irish Scottish English and North American scholars to explore the varying ways in which the visual can operate within the context of two countries with related experiences of lost statehood yet retained nationhood Covering a span of three centuries this skilfully crafted book takes the discussion of Irish and Scottish art beyond the often isolationist approach adopted in the past dealing directly with issues of nationality in a wider context The authors identify national concerns through a range of themes race class union and assimilation or nationalism and internationalism and while many of the essays focus on paintings sculpture prints and watercolours others consider a wider notion of visual culture by investigating photography magic lantern slides and the home arts of embroidery and textiles **Naming**

forgotten deities erased rulers and vanished figures revealing how power dynamics and ideological agendas actively shape our collective memory The book explores historical erasure a process where figures and narratives are deliberately suppressed or distorted One intriguing aspect examined is *damnatio memoriae* the official condemnation of rulers demonstrating how political motivations can rewrite history Another focus is the disappearance of individuals challenging societal norms illustrating how prevailing social pressures can erase legacies The book approaches this lost history in three parts beginning with a theoretical framework drawn from social memory studies religious studies and political science It then presents case studies using archaeological evidence textual analysis and comparative mythology Finally it examines the

implications of this recovered knowledge for contemporary issues like cultural appropriation and historical revisionism By reconstructing obscured narratives *Lost Names* provides a nuanced understanding of how forgotten deities and erased rulers impact our understanding of the past and cultural evolution     *The Secret of the Totem, by Andrew Lang* Andrew Lang,1905
