The Money Pit Mystery Eric Walters,2012-05-07 What happens as soon as Sam sets foot on Oak Island to visit his grandfather is more exciting than he could have hoped for As if the discovery of a human skull and a dangerous run in with a monstrous digging machine weren t enough Sam also discovers that even though his grandfather is losing his memory he hasn t forgotten about what s important like taking risks and refusing to let mysteries go unsolved      *Maps, Mystery and Interpretation* G J Bath,2014-05-05 An Oak Island Reconstruction In these rational times common sense might dictate that it would be rash to spend the greater part of one s life and wealth in search of buried treasure yet there are some who have done so It might seem an even greater folly to pursue such a dream based on the supposed existence of so called treasure

maps yet some are convinced that this is a reasonable basis for action For some two hundred years a long list of hopefuls have poured their wealth their hearts and their souls into the quest for a treasure reputedly buried on Oak Island Nova Scotia The focus of attention has been a deep shaft long ago dubbed the Money Pit that has defied all attempts to expose the wealth believed by many to lie in its depths Could the Money Pit be a trap to snare the unwary Might it not be more reasonable to suppose that any treasure on Oak Island lies somewhere else on the island and even that a set of cryptic treasure maps which many consider bogus were actually created in order to locate it In this book the author reveals hitherto unpublished information and presents a scenario that demonstrates this could have been possible *In Search of the Money Pit Mystery* (videorecording). **The Knights Templar in the New World** William F. Mann,2004-03-03 Uses the principles of sacred geometry archaeological evidence and Native American legend to discover the site of a secret Templar settlement in Nova Scotia Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus but that he also established a refuge there for the Templars fleeing persecution Shows that the Grail the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene was hidden in the New World In 1398 almost 100 years before Columbus arrived in the New World the Scottish prince Henry Sinclair Earl of Orkney sailed to what is today Nova Scotia where his presence was recorded by Micmac Indian legends about Glooskap This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century With evidence from archaeological sites indigenous legend and sacred geometry handed down by the Templar order to the Freemasons author William F Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World Here they found a safe refuge for the Grail the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene until the British exiled all the Acadians in 1755 **Templar Sanctuaries in North America** William F. Mann,2016-05-17 Traces the movement of the Templars secret treasure across North America to where it still resides protected by a sacred lineage of guardians Explains how the Templars found refuge with Native American tribes

intermarrying with the Natives to continue the Holy Bloodline and further the lineage of guardians needed to protect their treasure and secrets Reveals new evidence for the existence of Templar settlements and monuments across North America and how these reactivate the continent's sacred rose lines Pinpoints the exact location of the Templar Holy Bloodline treasure Many have searched for the lost treasure of the Knights Templar most famously at Oak Island But what if the treasure wasn't lost What if this treasure necessary to sanctify the Temple of Solomon and create a New Jerusalem was moved through the centuries and protected by a sacred lineage of guardians descendants of Prince Henry Sinclair and the Native American tribes who helped him Drawing on his access as Grand Archivist of the Knights Templar of Canada and his own role as a descendant of both Sinclair and the Anishinabe Algonquin tribe William Mann examines new evidence of the Knights Templar in the New World long before Columbus and their mission to protect the Holy Bloodline of Jesus and Mary Magdalene He reveals the secret settlements they built as they moved westward across the vast wilderness of North America evading the European Church and Royal Houses He explains how the Templars found refuge in the Sacred Medicine Lodges of the Algonquins whose ceremonies and rituals bear striking resemblance to the initiations of Freemasonry He reveals the strategic intermarriages that took place between the Natives and the Templars furthering the Holy Bloodline and continuing the lineage of blood guardians The author explores how Sinclair's journey from Nova Scotia across America also served to reactivate the sacred rose lines of North America through the building of rose castles and monuments including the Newport Tower and the Kensington Rune Stone Pinpointing the exact location of the Templar treasure still hidden in North America the author also reveals the search for Templar sanctuaries to be the chief motivation behind the Lewis and Clark expedition and the murder of Meriwether Lewis

**Oak Island and its Lost Treasure** Graham Harris, Les MacPhie, 2019-05-07 Oak Island poses two different challenges for these treasure seekers First there is a deep mine shaft the Money Pit at the bottom of which the treasure lies This book offers evidence that this treasure came from the wreck of a seventeenth century Spanish galleon Then there is the elaborate flood tunnel which links the mine shaft to the ocean Construction on this tunnel would have been complex and expensive requiring a labour force of over 100 men and it would have taken almost two years to complete Discover the previously untold story of the British military who commanded this labour force in building the underground structure The island's Money Pit and the tunnel combined with adverse geological conditions have ensured that all efforts to uncover the treasure have been unsuccessful to this day Civil engineers Graham Harris and Les MacPhie spent over a decade investigating the enigma of Nova Scotia's Oak Island In this book they draw on the documentary record to present a compelling and historically accurate description of two centuries of treasure hunting on Oak Island

**The Curse of Oak Island** Randall Sullivan, 2018-12-11 An in depth look into the history of a Canadian island rumored to hold buried treasure and of centuries of failed attempts to claim the riches Updated with new material from the author In 1795 a teenager discovered a mysterious circular depression in the ground on Oak Island in Nova Scotia Canada and ignited rumors

of buried treasure Early excavators uncovered a clay lined shaft containing layers of soil interspersed with wooden platforms but when they reached a depth of ninety feet water poured into the shaft and made further digging impossible Since then the mystery of Oak Island's Money Pit has enthralled generations of treasure hunters including a Boston insurance salesman whose obsession ruined him a young Franklin Delano Roosevelt and film star Errol Flynn Perplexing discoveries have ignited explorers imaginations a flat stone inscribed in code a flood tunnel draining from a man made beach a torn scrap of parchment stone markers forming a huge cross Swaths of the island were bulldozed looking for answers excavation attempts have claimed two lives Theories abound as to what's hidden on Oak Island pirates treasure Marie Antoinette's lost jewels the Holy Grail proof that Sir Francis Bacon was the true author of Shakespeare's plays yet to this day the Money Pit remains an enigma The Curse of Oak Island is a fascinating account of the strange rich history of the island and the intrepid treasure hunters who have driven themselves to financial ruin psychotic breakdowns and even death in pursuit of answers And as Michigan brothers Marty and Rick Lagina become the latest to attempt to solve the mystery as documented on the History Channel's television show The Curse of Oak Island Sullivan takes readers along to follow their quest firsthand Praise for The Curse of Oak Island Sullivan writes with open minded balance rendering the Oak Island story into a weirdly fascinating mystery Booklist A definitive read for fans of the History Channel television show Sullivan delves deeper into the history personalities and theories presented only briefly on the show The book is incredibly well researched and the presentation is very readable If you've watched The Curse of Oak Island and were frustrated that snippets and possibilities were left tantalizingly unexplored this is the book for you Heather Cover Homewood Library Birmingham Alabama Sullivan isn't writing about Oak Island the TV show his subject is Oak Island the place largely as seen and imagined by the show's viewers So if you've ever been more entranced by the show's long trips into history and theoretical island encounters across history Sullivan's book probably needs to be on your Christmas list Starcasm
