This small volume does not pretend to give a full authoritative or complete account of all the orders decorations and medals which have ever been bestowed upon British subjects    **The Bloodstock Breeder's Review** ,1927    *From Boer War to World War* Spencer Jones,2013-04-01 The British Expeditionary Force at the start of World War I was tiny by the standards of the other belligerent powers Yet when deployed to France in 1914 it prevailed against the German army because of its professionalism and tactical skill strengths developed through hard lessons learned a dozen years earlier In October 1899 the British went to war against the South African Boer republics of Transvaal and Orange Free State expecting little resistance A string of early defeats in the Boer War shook the military's confidence Historian Spencer Jones focuses on this bitter combat experience in *From Boer War to World War* showing how it crucially shaped the British Army's tactical development in the years that followed Before the British Army faced the Boer republics an aura of complacency had settled over the military The Victorian era had been marked by years of easy defeats of crudely armed foes The Boer War however brought the British face to face with what would become modern warfare The sweeping open terrain and advent of smokeless powder meant soldiers were picked off before they knew where shots had been fired from The infantry's standard close order formations spelled disaster against the well armed entrenched Boers Although the British Army ultimately adapted its strategy and overcame the Boers in 1902 the duration and cost of the war led to public outcry and introspection within the military Jones draws on previously underutilized sources as he explores the key tactical lessons derived from the war such as maximizing firepower and using natural cover and he shows how these new ideas were incorporated in training and used to effect a thorough overhaul of the British Army The first book to address specific connections between the Boer War and the opening months of World War I Jones's fresh interpretation adds to the historiography of both wars by emphasizing the continuity between them    **Tatler** ,1918    *Prisoners of War: Ballykinlar, An Irish Internment Camp 1920-1921* Liam Ó

Duibhir,2013-03-10 Ballykinlar Internment Camp was the first mass internment camp to be established by the British in Ireland during the War of Independence Situated on the County Down coast and opened in December 1920 it became home to hundreds of Irish men arrested by the British often on little more than the suspicion of involvement in the IRA Held for up to a year and subjected to often brutal treatment and poor quality food in an attempt to break them both physically and

mentally the interned men instead established a small community within the camp The knowledge and skills possessed by the diverse inhabitants were used to teach classes and other activities such as sports drama and music lessons helped stave off boredom In the midst of all these activities the internees also endeavoured to defy their captors with various plans for escape The story of the Ballykinlar internment camp is on the one hand an account of suffering espionage murder and maltreatment but it is also a chronicle of survival comradeship and community     Herdbook Containing the Pedigree of Improved Short-horn Cattle ,1921 Vols include the Shorthorn Society s Grading register for beef Shorthorn cattle v include the society s Herd book of poll shorthorns     **The V.
