Montana Born:

Montana Ghost Dance John B. Wright, 2013-09-26 Montana has been the last best place for so many people A century ago Native Americans gathered here to perform the Ghost Dance a last doomed attempt to make white settlers vanish and bring back the old ways of life Today people are still pouring into Montana looking for the pristine wilderness they saw in A River Runs through It The reality of Montana indeed of all the West has never matched the myths but this book eloquently explores how the search for a perfect place is driving growth development and resource exploitation in Big Sky country In ten personal essays John Wright looks at such things as Montana myths old timers immigrants elk ways of seeing the landscape land conservation and land trusts the fate of the Blackfoot Bitterroot and Paradise valleys and some means of preserving the last best places These reflections offer a way of understanding Montana that goes far beyond the headlines about militia groups and celebrities ranches Montana never was or will be a pristine wilderness but Wright believes that much can be saved if natives and newcomers alike see what stands to be lost His book is a wake up call not a ghost dance
