MONTE CASSINO

The Hardest-Fought Battle
of World War II

MATTHEW PARKER

Monte Cassino The Hardest Fought Battle Of World War II

Robert M. Citino

Monte Cassino The Hardest Fought Battle Of World War II:

Monte Cassino Matthew Parker,2005-05-10 Monte Cassino is the true story of one of the bitterest and bloodiest of the Allied struggles against the Nazi army Long neglected by historians the horrific conflict saw over 350 000 casualties while the worst winter in Italian memory and official incompetence and backbiting only worsened the carnage and turmoil Combining groundbreaking research in military archives with interviews with four hundred survivors from both sides as well as soldier diaries and letters Monte Cassino is both profoundly evocative and historically definitive Clearly and precisely Matthew Parker brilliantly reconstructs Europe's largest land battle which saw the destruction of the ancient monastery of Monte Cassino and dramatically conveys the heroism and misery of the human face of war *The Battles of Monte Cassino* Glyn Harper,2013-09-01 The Allied forces actions in and around Monte Cassino in Italy remain some of the most controversial of the Second World War Adolf Hitler described them as the battles that came closest to the bitter struggles on the Western Front The name Cassino has become a touchstone for New Zealanders as a result of the crucial role played there by Kiwi forces and the controversy surrounding the battles refuses to die down This reappraisal of the battles brings new information about the events at Cassino to light The Battles of Monte Cassino is not another campaign narrative but a fresh look at some of the key aspects of the battles the controversial bombing of the Benedictine monastery the effectiveness of the commanders involved on both sides the consequences of the Anzio beachhead the performance of the Germans and why four agonising battles were needed to defeat the Germans at Cassino *Monte Cassino* Matthew Parker,2004

The

Wehrmacht's Last Stand Robert M. Citino,2020-07-09 By 1943 the war was lost and most German officers knew it Three quarters of a century later the question persists What kept the German army going in an increasingly hopeless situation Where some historians have found explanations in the power of Hitler or the role of ideology Robert M Citino the world's leading scholar on the subject posits a more straightforward solution Bewegungskrieg the way of war cultivated by the Germans over the course of history In this gripping account of German military campaigns during the final phase of World War II Citino charts the inevitable path by which Bewegungskrieg or a war of movement inexorably led to Nazi Germany's defeat The Wehrmacht's Last Stand analyzes the German Totenritt or death ride from January 1944 with simultaneous Allied offensives at Anzio and Ukraine until May 1945 the collapse of the Wehrmacht in the field and the Soviet storming of Berlin In clear and compelling prose and bringing extensive reading of the German language literature to bear Citino focuses on the German view of these campaigns Often very different from the Allied perspective this approach allows for a more nuanced and far reaching understanding of the last battles of the Wehrmacht than any now available With Citino's previous volumes Death of the Wehrmacht and The Wehrmacht Retreats The Wehrmacht's Last Stand completes a uniquely comprehensive picture of the German army's strategy operations and performance against the Allies in World War II *Cultural Heritage and Mass Atrocities* James Cuno,2022-09-20 A pathbreaking call to halt the intertwined crises of cultural heritage attacks and

mass atrocities and mobilize international efforts to protect people and cultures Intentional destruction of cultural heritage has a long history Contemporary examples include the Bamiyan Buddhas in Afghanistan mosques in Xinjiang mausoleums in Timbuktu and Greco Roman remains in Syria Cultural heritage destruction invariably accompanies assaults on civilians making heritage attacks impossible to disentangle from the mass atrocities of genocide war crimes crimes against humanity and ethnic cleansing Both seek to eliminate people and the heritage with which they identify Cultural Heritage and Mass Atrocities assembles essays by thirty eight experts from the heritage social science humanitarian legal and military communities Focusing on immovable cultural heritage vulnerable to attack the volume's guiding framework is the Responsibility to Protect R2P a United Nations resolution adopted unanimously in 2005 to permit international intervention against crimes of war or genocide Based on the three pillars of prevent react and rebuild R2P offers today's policymakers a set of existing laws and international norms that can and as this book argues must be extended to the protection of cultural heritage Contributions consider the global value of cultural heritage and document recent attacks on people and sites in China Guatemala Iraq Mali Sri Lanka and Afghanistan Syria and Yemen Comprehensive sections on vulnerable populations as well as the role of international law and the military offer readers critical insights and point toward research policy and action agendas to protect both people and cultural heritage A concise abstract of each chapter is offered online in Arabic Chinese French Russian and Spanish to facilitate robust global dissemination of the strategies and tactics offered in this pathbreaking call to action The free online edition of this publication is available at [getty.edu/publications/cultural-heritage-mass-atrocities](http://www.getty.edu/publications/cultural-heritage-mass-atrocities) Also available are free PDF EPUB and Kindle MOBI downloads of the book

Steve's Story Jackie Van Dyke, 2017-12-28 A young woman and a young man left their villages in Poland in 1907 and joined the throng of immigrants pouring into the Untied States at that time They met in Philadelphia and married soon after Within fifteen years hard times and a houseful of seven children led to a family breakdown bootlegging and arrests which culminated with the children being placed in an orphanage This is the story of how one of those children Steve longed to find his family and home as he imagined it could be He ran away from foster care and eventually reconnected with his family Steve survived four and a half dark years while serving in the army in WWII before he was finally free to marry his sweetheart After an adventurous life raising five children and overcoming heartbreaking circumstances Steve at eighty made a trip to Poland to discover his Polish family and true Polish roots

[Religion on the Battlefield](#) Ron E. Hassner, 2016-05-18 How does religion shape the modern battlefield Ron E Hassner proposes that religion acts as a force multiplier both enabling and constraining military operations This is true not only for religiously radicalized fighters but also for professional soldiers In the last century religion has influenced modern militaries in the timing of attacks the selection of targets for assault the zeal with which units execute their mission and the ability of individual soldiers to face the challenge of war Religious ideas have not provided the reasons why conventional militaries fight but religious practices have influenced their ability to do so effectively In Religion

on the Battlefield Hassner focuses on the everyday practice of religion in a military context the prayers rituals fasts and feasts of the religious practitioners who make up the bulk of the adversaries in bystanders to and observers of armed conflicts To show that religious practices have influenced battlefield decision making Hassner draws most of his examples from major wars involving Western militaries They include British soldiers in the trenches of World War I U S pilots in World War II and U S Marines in Iraq and Afghanistan Hassner shows that even modern rational and bureaucratized military organizations have taken and must take religious practice into account in the conduct of war **Art and the Nazis, 1933-1945**

Arthur J. McLaughlin, Jr.,2022-01-13 This first comprehensive analysis of the Third Reich s efforts to confiscate loot censor and influence art begins with a brief history of the looting of artworks in Western history The artistic backgrounds of Adolf Hitler and Hermann Goring are examined along with the various Nazi art looting organizations and Nazi endeavors to both censor and manipulate the arts for propaganda purposes Long held beliefs about the Nazi destruction of degenerate art are examined drawing on recently developed university databases new translations of original documents and recently discovered information Theft and destruction of artworks by the Allies and looting by Soviet trophy brigades are also documented

Encyclopedia of Sacred Places Norbert C. Brockman,2011-09-13 Now thoroughly revised and updated this encyclopedia documents the diversity of shrines temples holy places and pilgrimage sites sacred to the world s major religious traditions and illustrates their elemental place in human culture As interest increases in the role of world religions in history and international affairs the new edition of Encyclopedia of Sacred Places which arrives 15 years after the publication of the original edition provides new and updated information on site specific religious practice and spiritually significant locations around the globe While many of the entries describe specific places like the Erawan Shrine and the Rock of Cashel others examine types of sacred sites pilgrimages and practices With articles that describe both the places and their associated traditions and history this reference book reveals the enormous diversity and cultural significance of religious practice worldwide For students and teachers of classes ranging from high school geography to university level courses in religious studies geography anthropology and sociology this book provides essential reference on places of great significance to the world s various faith traditions

Why the Axis Lost John Arquilla,2020-03-13 The factors leading to the defeat of the Axis Powers in World War II have been debated for decades One prevalent view is that overwhelming Allied superiority in materials and manpower doomed the Axis Another holds that key strategic and tactical blunders lost the war from Hitler halting his panzers outside Dunkirk allowing more than 300 000 trapped Allied soldiers to escape to Admiral Yamamoto falling into the trap set by the U S Navy at Midway Providing a fresh perspective on the war this study challenges both views and offers an alternative explanation the Germans Japanese and Italians made poor design choices in ships planes tanks and information security before and during the war that forced them to fight with weapons and systems that were too soon outmatched by the Allies The unprecedented arms race of World War II posed a fundamental design challenge the Axis

powers sometimes met but never mastered *The Journal of Military History* ,2006-10 **Army** ,2004 **Churchill & His Generals** Raymond Callahan,2007 On the eve of World War II the British army was more an international police force than a combat ready fighting force This book examines its transformation in a look at Great Britain s top commanders in the field **World War II** G. Kurt Piehler,2007-10-30 Describes the daily lives of those who served in the US Navy Army Army Air Corps or Marines or were prisoners of war during World War II *They Fought at Anzio* John S. D. Eisenhower,2007-06-11 Eisenhower examines the Allies Italian campaign which included some of World War II s longest and bloodiest battles with an emphasis on the Anzio offensive from the perspectives of the individuals who fought both commanders and foot soldiers highlighting his analysis with quotations from personal accounts and memoirs Provided by publisher **Monte Cassino** David Hapgood,David Richardson,2002 Documents the events that culminated in the Allied bombing of the Abbey of Monte Cassino in Italy citing its location as the only passage to German occupied Rome the tragic decision to bomb the abbey and the devastating winter combat that followed Reprint 20 000 first printing **Kaapse bibliotekaris** ,2016 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 *Naval History* ,2004 Annals of Iowa ,2009 **Battles and Battlescenes of World War Two** David G. Chandler,1989 Describes more than fifty of the most significant battles of the war provides concise accounts of each battle and its impact on the war and includes information on location objective leaders casualties and outcome Amazon com
