Lost Continent:

The Lost Continent of Mu James Churchward,1926 The Lost Continent Charles John Cutcliffe Wright

Hyne,2015-11-26 The finest tale ever written of fabled Atlantis The Lost Continent is a sweeping fiery saga of the last days of the doomed land Atlantis at the height of its power and glory is without equal It has established far flung colonies in Egypt and Central America and its mighty navies patrol the seas The priests of Atlantis channel the elemental powers of the universe and a powerful monarch rules from a staggeringly beautiful city of pyramids and shining temples clustered around a sacred mountain Mighty Atlantis is also decaying and corrupt Its people are growing soft and decadent and many live in squalor Rebellion is in the air and prophecies of doom ring forth Into this epic drama of the end of time stride two memorable characters the warrior priest Deucalion stern just and loyal and the Empress Phorenice brilliant ambitious and passionate The old and new Atlantis collide in a titanic showdown between Deucalion and Phorenice a struggle that soon affects the destiny of an entire civilization **The Lost Continent** Edgar Rice Burroughs,2005-11-01 I could not repress a sigh at the thought of the havoc war had wrought in this part of England at least Farther east nearer London we should find things very different There would be the civilization that two centuries must have wrought upon our English cousins as they had upon us There would be mighty cities cultivated fields happy people There we would be welcomed as long lost brothers There would we find a great nation anxious to learn of the world beyond their side of thirty as I had been anxious to learn of that which lay beyond our side of the dead line Edgar Rice Burroughs created one of the most iconic figures in American pop culture Tarzan of the Apes and it is impossible to overstate his influence on entire genres of popular literature in the decades after his enormously winning pulp novels stormed the public s imagination The Lost Continent is one of the rarest and least known of Burrough s thrilling science fiction adventure stories Since its first appearance in the February 1916 issue of All Around Magazine under the title Beyond Thirty it has languished in undeserved obscurity In the year 2137 global civilization has been in decline for nearly two centuries and war ruined Europe is but a distant memory practically a legend to the isolationist United States But one intrepid American traveler is about to rediscover the Old World which has become a startling and savage land in its solitude American novelist EDGAR RICE BURROUGHS 1875 1950 wrote dozens of adventure crime and science fiction novels that are still beloved today including Tarzan of the Apes 1912 At the Earth s Core 1914 A Princess of Mars 1917 The Land That TimeForgot 1924 and Pirates of Venus 1934 He is reputed to have been reading a comic book when he died *The Lost Continent* C. J. Cutcliffe Hyne,2023-05-17 The Lost Continent initially published as a serial in 1899 remains one of the enduring classics of the lost race genre In it we follow Deucalion a warrior priest on the lost continent of Atlantis as he tries to battle the influence of an egotistical upstart empress Featuring magic intrigue mythical monsters and fearsome combat on both land and sea the story is nothing if not a swashbuckling adventure The Lost Continent was very influential on pulp fiction of the subsequent decades and echoes of its style can be found in the work of
