Memories of a Lost War Subarno Chattarji, 2001 In this unique and significant addition to Vietnam studies *Memories of a Lost War* analyzes the poems written by American veterans protest poets and Vietnamese within political aesthetic and cultural contexts Drawing on a wealth of material often published in small presses and journals the book highlights the horrors of war and the continuing traumas of veterans in post Vietnam America In its inclusion of Vietnamese perspectives the book marks a departure from earlier works that have largely concentrated on Vietnam as a war rather than a country

To Win the Lost War Lawrence Cambria, 2015-11-21 Perhaps the most long overdue work ever written about World War II and America's role in winning it Bold fresh unique extremely well documented and brutally honest in *To Win the Lost War* Lawrence Cambria examines and analyzes the war at numerous levels and spaced intervals in order to provide the reader with an ongoing assessment of the overall situation as the war progressed He examines analyzes and compares the major turning points of the war in Europe in order to determine which has the best claim to being the decisive turning point He also takes a fresh look at America's war experience bringing into focus numerous aspects of the war which are unknown to most Americans Finally he brings greater context to the importance of the American military effort With *To Win the Lost War* the author joins a growing number of contemporary scholars who are making many of the same observations that he has In fact his work draws on a bibliography of works from more than 200 scholars on the war and has more than 1 100 supporting footnotes In *To Win the Lost War* Lawrence Cambria separates popular myth from reality and provides his readers with observations on the war from perspectives that many have never considered Read *To Win the Lost War* It will change the way you look at World War II forever
