Raiders of the Lost Archives Michael Dahl, 2021 **The Lost Archive** Marina Rustow, 2020-01-14 A compelling look at the Fatimid caliphate s robust culture of documentation The lost archive of the Fatimid caliphate 909 1171 survived in an unexpected place the storage room or geniza of a synagogue in Cairo recycled as scrap paper and deposited there by medieval Jews Marina Rustow tells the story of this extraordinary find inviting us to reconsider the longstanding but mistaken consensus that before 1500 the dynasties of the Islamic Middle East produced few documents and preserved even fewer Beginning with government documents before the Fatimids and paper s westward spread across Asia Rustow reveals a millennial tradition of state record keeping whose very continuities suggest the strength of Middle Eastern institutions not their weakness Tracing the complex routes by which Arabic documents made their way from Fatimid palace officials to Jewish scribes the book provides a rare window onto a robust culture of documentation and archiving not only comparable to that of medieval Europe but in many cases surpassing it Above all Rustow argues that the problem of archives in the medieval Middle East lies not with the region s administrative culture but with our failure to understand preindustrial documentary ecology Illustrated with stunning examples from the Cairo Geniza this compelling book advances our understanding of documents as physical artifacts showing how the records of the Fatimid caliphate once recovered deciphered and studied can help change our thinking about the medieval Islamic world and about premodern polities more broadly *Raiders of the Lost Archives - Express Edition* Michael Dahl, 2023-11-28 Deep within the Library of Doom raiders are searching for the treasure of the Lost Archives The thieves have captured a young worker to guide them through the maze like shelves The boy doesn t want to betray the Librarian but he is a Silent One If he cannot speak how can he call for help Uncover hidden dangers and dark mysteries with **SECRETS OF THE LIBRARY OF DOOM** a page turning chapter book series from best selling author Michael Dahl **Lost and Living (In) Archives: Collectively Shaping New**

Memories Annet Dekker, 2017-11-21 An archive is a collection of documents and records that is preserved for historical purposes As such an archive is considered a site of the past a place that contains traces of a collective memory of a nation a people or a group Digital archives have changed from stable entities into flexible systems referred to with the term Living Archives But in which ways has this change affected our relationship to the past present and future Will the erased forgotten and neglected be redeemed and new memories be allowed Will the fictional versus factual mode of archiving offer the democracy that the public domain implies or is it another way for public instruments of power to operate *Lost and Living* in

Archives shows that an archive is not simply a recording a reflection or an image of an event but that it shapes the event itself and thus influences both present and past
