Barnes,2012 Offers a full introduction to and survey of runes and runology their history how they were used and their interpretation Runes often considered magical symbols of mystery and power are in fact an alphabetic form of writing Derived from one or more Mediterranean prototypes they were used by Germanic peoples to write different kinds of Germanic language principally Anglo Saxon and the various Scandinavian idioms and were carved into stone wood bone metal and other hard surfaces types of inscription range from memorials to the dead through Christian prayers and everyday messages to crude graffiti First reliably attested in the second century AD runes were in due course supplanted by the roman alphabet though in Anglo Saxon England they continued in use until the early eleventh century in Scandinavia until the fifteenth and later still in one or two outlying areas This book provides an accessible general account of runes and runic writing from their inception to their final demise It also covers modern uses of runes and deals with such topics as encoded texts rune names how runic inscriptions were made runological method and the history of runic research A final chapter explains where those keen to see runic inscriptions can most easily find them Professor MICHAEL P BARNES is Emeritus Professor of Scandinavian Studies University College London [The Runes, Whence Came They](#) George Stephens,1894 *The Ruthwell Cross and its Texts* Kerstin Majewski,2022-10-24 The Ruthwell Cross is one of the finest Anglo Saxon high crosses that have come down to us The longest epigraphic text in the Old English Runes Corpus is inscribed on two sides of the monument it forms an alliterative poem in which the Cross itself narrates the crucifixion episode Parts of the inscription are irrevocably lost This study establishes a historico cultural context for the Ruthwell Cross s texts and sculptures It shows that The Ruthwell Crucifixion Poem is an integral part of a Christian artefact but also an independent text Although its verses match closely with lines of The Dream of the Rood in the Vercelli Book a comparative analysis gives new insight into their complex relationship An annotated transliteration of the runes offers intriguing information for runologists Detailed linguistic and metrical analyses finally yield a new reconstruction of the lost runes All in all this study takes a fresh look at the Ruthwell Cross and provides the first scholarly edition of the reconstructed Ruthwell Crucifixion Poem one of the earliest religious poems of Anglo Saxon England It will be of interest to scholars and students of historical linguistics medieval English literature and culture art history and archaeology **An Introduction to English Runes** Raymond Ian Page,1973 Introduction to the use of runes as a practical script for a variety of purposes in Anglo Saxon England **Transactions of the Cumberland & Westmorland Antiquarian & Archeological Society** Cumberland and Westmorland Antiquarian and Archaeological Society,1910 List of members included in each volume except v 1 [Equally](#)

in God's Image Julia Bolton Holloway, Constance S. Wright, Joan Bechtold, 1990 Equally in God's Image Women in the Middle Ages is a volume of essays presenting the argument that with the coming of the universities women were excluded in an apartheid of gender from education and power. It discusses the resulting paradigm shift from Romanesque to Gothic describing the images which women had of themselves and which the dominant male society had of them. We meet in the pages of this book medieval women in their roles as writers, pilgrims, wives, anchorites and nuns at court on pilgrimage in households and convents. The volume as a Distant Mirror for ourselves today seeks to present ways in which women then fulfilled the roles society expected of them and the ways in which they also subverted through entering into textuality the expectations of the dominating culture in order to quest identity and equality.
