Monica Speaks:

To Hear The Trees Speak Olivia Sprinkel, 2025-05-08 A poetically written testimony of our own deep relationship with the natural world and of nature's own resilience Ben Goldsmith Imagine if you could hear the trees speak How would it change your life Your relationship to the world around you This is the story of what happened when the trees whispered me to quit my job leave my life in New York and go on a journey to listen It is the story of what I learnt from ten trees on five continents and the lessons that the trees have for all of us on how to be in a rapidly changing world Olivia Sprinkel was sitting in her office in New York an experienced international sustainability strategy and communications consultant and as a newly single woman she decided she had to make a change in her life and undertake a journey To Hear the Trees Speak Adventures in Listening is the story of her travels to Europe North and South America Australia and South Asia to discover ten of our world's essential trees and their habitats The ten trees range from the banyan and bodhi to the olive giant sequoia and beech Powerfully crafted this is important and accessible nature writing blended with insightful memoir **Gestalt Therapy Practice** Gro Skottun, Åshild Krüger, 2021-09-06 This essential new book gives the reader an introduction to the fundamental concepts of gestalt therapy in a stimulating and accessible style It supports the study and practice of gestalt therapy for clinicians of all backgrounds reflecting a practice based pedagogy that emphasises experiential learning The content in this book builds on the curriculum taught at the Norwegian Gestalt Institute University College NGI The material is divided into four main sections In the first section the theoretical basis for gestalt therapy is presented with references to gestalt psychology field theory phenomenology and existential philosophy In the later parts central theoretical terms and practical models are discussed such as the paradoxical theory of change creative adjustment self contact contact forms awareness polarities and process models Clinical examples illustrate the therapy form's emphasis on the relational meeting between therapist and client Detailed description of gestalt therapy theory from the time of the gestalt psychologists to today with abundant examples from clinical practice distinguishes this book from other texts It will be of great value to therapists coaches and students of gestalt therapy [An Interpretive Guide to Operatic Arias](#) Martial Singher, 2015-09-22 A premier singer and master teacher here tells other singers how to get the most from 151 famous arias selected for their popularity or their greatness from 66 operas ranging in time and style from Christopher Gluck to Carlisle Floyd from Mozart to Menotti The most memorable thrills in an opera singer's life according to the author's Introduction may easily derive from the great arias in his or her repertoire This book continues the work Martial Singher has done in performances in concerts and in master classes and lessons by drawing attention not only to precise features of text notes and markings but also to psychological motivations and emotional impulses to laughter and tears to technical skills to strokes of genius and even here and there to variations from the original works that have proved to be fortunate For each aria the author gives the dramatic and musical context advice about interpretation and the lyric with the original language if it is not English and an idiomatic

American English translation in parallel columns The major operatic traditions French German Italian Russian and American are represented as are the major voice types soprano mezzo soprano tenor baritone bass baritone and bass The dramatic context is not a mere summary of the plot but is a penetrating and often witty personality sketch of an operatic character in the midst of a situation The musical context is presented with the dramatic situation in a cleverly integrated way Suggestions about interpretation often illustrated with musical notation and phonetic symbols are interspersed among the author's explication of the music and the action An overview of Martial Singher's approach based on fifty years of experience on stage in a hundred roles and in class at four leading conservatories is presented in his Introduction As the reader approaches each opera discussed in this book he or she experiences the feeling of participation in a rehearsal on stage under an urbane though demanding coach and director The Interpretive Guide will be of value to professional singers as a source of reference or renewed inspiration and a memory refresher to coaches for checking and broadening personal impressions to young singers and students for learning to teachers who have enjoyed less than a half century of experience and to opera broadcast listeners and telecast viewers who want to understand what goes into the sounds and sights that delight them

Indigenous Multilingualism at Warruwi Ruth Singer, 2023-02-22 This book is an exploration of the role of language at Warruwi Community a remote Indigenous settlement in northern Australia It explores how language use and people's ideas about language are embedded in contemporary Indigenous life there Using an ethnographic approach the book examines what language at Warruwi means in the context of the history of the community ongoing social and political changes and the continuing importance of ancestral traditions Children growing up at Warruwi still learn to speak many small Indigenous languages This is remarkable not just in the Australian context where many Indigenous languages are no longer spoken but around the world as this kind of multilingualism in small languages persists only in a few remaining pockets The way that people use many languages in their daily life at Warruwi reveals how high levels of linguistic diversity can be maintained in a small community This detailed study of the creation of linguistic diversity is relevant to sociolinguistics linguistic typology historical linguistics and evolutionary linguistics More generally this book is for linguists anthropologists and anyone with an interest in contemporary Australian Indigenous lives *Eleven Short Biblical Plays*, 1929 **French's Acting Edition of Plays, Dramas, Extravaganzas, Farces ...** Samuel French Ltd, 1906 **Across the Barrier** Helen A. Dallas, 1913 **All Through Martha** Keble Howard, 1906 **New York Court of Appeals. Records and Briefs.** New York (State).,

Cultural Compass Martin F. Manalansan, 2000 Cultural Compass rewrites the space of Asian Americans Through innovative studies of community politics gender family and sexual relations cultural events and other sites central to the formation of ethnic and citizen identity contributors reconfigure ethnography according to Asian American experiences in the United States In these eleven essays scholars in anthropology sociology ethnic studies and Asian American studies reconsider traditional models for ethnographic research Drawing upon recent theoretical discussions and methodological innovations

the contributors explore the construction and displacement of self community and home integral to Asian American cultural journeys in the late twentieth century Some discuss the unique situation of doing ethnographic work at home that is researching one s own ethnic group or another group with Asian America Others draw on rich and diverse field experiences Whether they are doing homework or fieldwork contributors reflect on the ways that particular matters of identity gender class sexuality ethnicity age play out between researchers and informants Individual essays and the book as a whole challenge the notion of a monolithic spatially bounded Asian American community pointing the way to multiple sites of political struggle cultural critique and social change
