**The Monk from Brooklyn** Antonio Graceffo, 2004-07 The Shaolin Temple the birthplace of Kung Fu and modern Chinese Buddhism is the oldest and most mysterious Kung Fu school in the world It is an exotic and mythical destination of daydreams to millions of people In the history of the temple very few foreigners have ever had a chance to study there Foreigners have been allowed to study in many of the Shaolin schools near the temple which have taken the Shaolin name as a marketing ploy but less than fifty foreigners have studied at the original Shaolin Temple Antonio Graceffo was lucky enough to be one of the few and this is the chronicle of his experience Antonio has twenty five years of experience with martial arts so it is with a knowing eye that he observed the training at the temple But it is his background that gives him a very unique perspective An Italian American from Brooklyn New York and a former investment banker Antonio was educated in some of the best universities that Europe and Asia had to offer His articles are informative humorous and irreverent He doesn't pull any punches writing about the filthy conditions and the diminished mental capacities of people who spent a lifetime learning to kick but never bothered to learn to read and write The title says it all Put a Chinese speaking Italian American from Brooklyn in the holiest of Buddhist temples and watch the racial harmony flow
