A. MARK RATNER
PHIL McCUTCHEON

Review Space Opera

Kenneth Womack

Review Space Opera:

The Routledge Companion to Science Fiction Adam Roberts, 2009-03-30 The Routledge Companion to Science Fiction is a comprehensive overview of the history and study of science fiction. It outlines major writers, movements, and texts in the genre, established critical approaches, and areas for future study. Fifty-six entries by a team of renowned international contributors are divided into four parts which look in turn at history, an integrated chronological narrative of the genre's development, theory, detailed accounts of major theoretical approaches including feminism, Marxism, psychoanalysis, cultural studies, postcolonialism, posthumanism, and utopian studies, issues and challenges, anticipates future directions for study in areas as diverse as science studies, music, design, environmentalism, ethics, and alterity. Subgenres, a prismatic view of the genre, tracing themes and developments within specific subgenres. Bringing into dialogue the many perspectives on the genre, The Routledge Companion to Science Fiction is essential reading for anyone interested in the history and the future of science fiction and the way it is taught and studied.

The Rise and Fall of American Science Fiction, from the 1920s to the 1960s

Gary Westfahl, 2019-10-04 By examining important aspects of science fiction in the twentieth century, this book explains how the genre evolved to its current state. Close critical attention is given to topics including the art that has accompanied science fiction, the subgenres of space opera and hard science fiction, the rise of SF anthologies, and the burgeoning impact of the marketplace on authors. Included are in-depth studies of key texts that contributed to science fiction's growth, including Philip Francis Nowlan's first Buck Rogers story, the first published stories of A. E. van Vogt, and the early juveniles of Isaac Asimov, Arthur C. Clarke, and Robert Heinlein.

Books and Beyond

Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, LGBTQ literature, graphic novels, manga, and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, LGBTQ literature, and other topics. Each entry is

written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre s critical reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Students will find this book a valuable guide to what they re reading today and will appreciate its illumination of popular culture and contemporary social issues
