Global Trends in Sustainable Energy Investment 2010 , 2011-01-20 This new UNEP Report focuses on the global trends in sustainable energy development covering both the renewable energy and energy efficiency sectors. This report shows that in spite of the global economic downturn investment in sustainable energy is

still strong Resilience To The financial downturn taht was hitting all sectors of the global economy and frustration that while the UN Climate Convention in Copenhagen was not the big breakdown that might have occured neither was it the big breakthrough so many had hoped for Yet also determination on the part of many industry actors and governments especially in rapid developing economies to transform the financial and economic crisis into an opportunity for greener growth
