Media Management:

Media Management Jan Wicks, LeBlanc, George Sylvie, C. Ann Hollifield, Stephen Lacy, Ardyth Sohn, Broadrick, 2014-04-04 Media Management A Casebook Approach provides a detailed look at each of the major areas of responsibility that fall to the managers of media organizations such as leadership motivation planning marketing and strategic management Retaining its core content and case study approach this third edition draws upon the latest organizational and management research to guide students in the development of their managerial skills It provides media based cases that give students the opportunity to develop their critical thinking and problem solving skills Updates in this edition include research and examples to reflect the current state of the industry material on convergence new media and international aspects as well as their influences on leadership and planning information and research on new media the Internet and their future implications for media managers technology and online resource sections and examples and information on data used by advertisers and media organizations This textbook also offers new material on the structure of the Internet new media and converged and international media organizations It is intended for advanced undergraduates and graduate students in media management courses

Media Management Stephen Lacy, Jan LeBlanc Wicks, 1993 This book grew out of the collective needs of media management scholars to explore the theory and practice of the field through case analysis Although research studies exist in several different scholarly journals and applicable cases are available through various sources this work represents one of the first efforts to combine the broad concerns of the field with relevant cases Approaching media management as a decision making process this book provides a framework and materials for analysis discussion and problem solving within various media such as ad agencies cable companies magazines newspapers and broadcasting stations All cases however are designed to illuminate not only the differences present in management environments but the similarities between media companies 48 short cases and three extended cases allow students to apply what they learn from reading and class discussions to situations faced by media managers The book's goals are to provide access to a seldom used approach to discussing media management to supplement currently available materials concerning issues relevant to managing a media organization Practice in evaluative and descriptive analyses is provided which seeks to suggest questions for individual research as well as more formal classroom debate and discussion Original cases researched and written by the authors former managers and or employees in media organizations are included throughout this volume

Media Management in the Age of Giants Dennis F. Herrick, 2012-08-15 The emergence of giant media corporations has created a new era in mass communications The world of media giants with a focus on the bottom line makes awareness of business and financial issues critical for everyone in the industry This timely new edition of a popular and successful textbook introduces basic business concepts terminology history and management theories in the context of contemporary events It includes up to date information on technology and addresses the major problem facing media companies today How

can the news regain profitability in the digital age Focusing on newspaper television and radio companies Herrick fills his book with real life examples interviews with media managers and case studies In a time when all the rules are changing because of digital technology conglomeration and shifting consumer habits this text is a vital tool for students and working journalists

Media Management Bernd W. Wirtz,2020-09-11 Digitalization significantly changes the media To cope with this change and to exploit new market opportunities is a major challenge for media corporations Bernd Wirtz provides a valuable guideline for this new world combining theory facts and practice Dr Hubert Burda German publisher and Managing Corporate Partner of Hubert Burda Media Holding KG The media business is subject to substantial change while differences between distinctive media areas are fading away This is due to technical innovation in areas like transmittance of content bearer of content and recording devices but also due to new formats trends and constant change of consumer behavior The textbook Media and Internet Management stays abreast of changes and covers this topic on a well founded and comprehensive basis It makes a valuable contribution to theory and practice in media management and is highly recommendable to media managers Christoph Mohn Chairman of the Supervisory Board Bertelsmann AG The world of media is full of challenges and dynamic conditions for its field The dynamic of this market is accelerated even more by new digital technologies and ongoing globalization This book is an absolute must have for everyone who wants to know more about the basics conditions and requirements of modern media management The analytical clearness and structure make this publication highly relevant for students but also for managers Urs Rohner Chairman of the Board of Directors Credit Suisse Group AG Media Management is a textbook but a very welcome newcomer for students and teachers as it fills a market gap for good educational material in this rapidly evolving field It is concise simple but not simplistic and contains a contemporary overview of concepts and tools for media managers Prof Dr Bozena I Mierzejewska Editor of The International Journal on Media Management Fordham University New York Summed up with his second edition Wirtz managed to strengthen the outstanding position of his publication Media Management His textbook shines because of its content analytical clearness and the high relevance for business practice without losing its academic background With the second edition this book has established its position in the field of media business as the leading standard reference book in Germany It is suitable for business students lectures as well as managers who can gain magnificent information from it Prof Dr Wolfgang Fritz Director of the Institute of Marketing Braunschweig University of Technology Germany Honorary Professor at the Institute of Business Administration University of Vienna Austria

Media Management Ann Hollifield,Jan LeBlanc Wicks,George Sylvie,Wilson Lowrey,2015-08-11 Media Management A Casebook Approach provides a detailed consideration of the manager s role in today s media organizations highlighting critical skills and responsibilities Using media based cases that promote critical thinking and problem solving this text addresses topics of key concern to managers diversity group cultures progressive discipline training and market driven journalism among others The cases provide real world scenarios to help

students anticipate and prepare for experiences in their future careers Accounting for major changes in the media landscape that have affected every media industry this Fifth Edition actively engages these changes in both discussion and cases The text considers the need for managers to constantly adapt obtain quality information and be entrepreneurial and flexible in the face of new situations and technologies that cannot be predicted and change rapidly in national and international settings As a resource for students and young professionals working in media industries Media Management offers essential insights and guidance for succeeding in contemporary media management roles

Media Management and Economics Research in a Transmedia Environment Alan B. Albaran,2013-07-24 First Published in 2013 This landmark work centers on media

management and economics within a diverse international historical and constantly changing environment The chapters herein reflect the current state of research and present directions for future study Developed at the 2012 Research

Symposium in conjunction with the annual convention of the Broadcast Education Association it represents the most current theory and research in the area

Managing Media Firms and Industries Gregory Ferrell Lowe,Charles Brown,2015-08-20

This volume provides rich insight into the nature and practice of media management Contributions assess the degree to which management of media firms requires a unique set of skills highlighting similarities and differences of media firms compared with other industries in terms of management practices HR development and operational aspects Success and limitations of research on media management theory is evaluated both drawing on management theory and examining insights from other disciplines Dimensions for future research are considered along with practical implications for media managers and corporate structures The book serves as a valuable reference for researchers advanced students and

practitioners in media industries

The Rowman & Littlefield Handbook of Media Management and Business L. Meghan

Mahoney,Tang Tang,2020-12-15 The Rowman Littlefield Handbook of Media Management and Business connects research and industry practice to offer a strategic guide for aspiring and current media professionals in convergent environments As a comprehensive one stop reference for understanding business issues that drive the production and distribution of content

that informs entertains and persuades audiences aims to inspire and inform forward thinking media management leaders The handbook examines media management and business through a convergent media approach rather than focusing on medium specific strategies By reflecting media management issues in the information entertainment sports gaming industries

contributed chapters explore the unique opportunities and challenges brought by media convergence while highlighting the fundamental philosophy concepts and practices unchanged in such a dynamic environment this handbook examines media management through a global perspective and encourages readers to connect their own diverse development to a broader global context It is an important addition to the growing literature in media management with a focus on new media

technologies business management and internationalization

Managing Electronic Media Joan M. Van Tassel,Lisa

Poe-Howfield,2010 The book explains the new vocabulary of media moguls such as bandwidth digital rights management

customer relations management distributed work groups centralized broadcast operations automated playlists server based playout repurposing mobisodes TV to DVD and content management **Handbook of Media Management and Economics** Alan B. Albaran,Sylvia M. Chan-Olmsted,Michael O. Wirth,2006 This handbook provides a synthesis of current work and research in media management and economics and establishes an agenda for future activities It will serve as a foundational resource for scholars and students in media management and economics **Media Management** Ardyth Broadrick Sohn,1999 Using case studies of media management this volume provides exercises including practice in role playing leadership communication and decision making with consequences Students are encouraged to distinguish between arts activities actors meanings relationships and settings of importance **Media Management** Stephen Lacy,Ardyth B. Sohn,Jan LeBlanc Wicks,George Sylvie,Angela Powers,1993 USE FIRST TWO SENTENCES ONLY FOR GENERAL CATALOGS This book grew out of the collective needs of media management scholars to explore the theory and practice of the field through case analysis Although research studies exist in several different scholarly journals and applicable cases are available through various sources this work represents one of the first efforts to combine the broad concerns of the field with relevant cases Approaching media management as a decision making process this book provides a framework and materials for analysis discussion and problem solving within various media such as ad agencies cable companies magazines newspapers and broadcasting stations All cases however are designed to illuminate not only the differences present in management environments but the similarities between media companies 48 short cases and three extended cases allow students to apply what they learn from reading and class discussions to situations faced by media managers The book's goals are to provide access to a seldom used approach to discussing media management to supplement currently available materials concerning issues relevant to managing a media organization Practice in evaluative and descriptive analyses is provided which seeks to suggest questions for individual research as well as more formal classroom debate and discussion Original cases researched and written by the authors former managers and or employees in media organizations are included throughout this volume **Media Management** Andrej Vizjak,Max Josef Ringlstetter,2012-11-02 As the media converges with the telecommunication industry leveraging content becomes key for both formerly separate industries As new channels are offered and used to distribute various contents from music to games from text to videos companies have to think about innovative ways to even more profit from providing the channels or from providing the content or from providing both New business models are emerging that are made for leveraging content and finding their way to the customers This book explains why and how more content leverage becomes reality **Value-Oriented Media Management** Klaus-Dieter Altmeppen,C. Ann Hollifield,Joost van Loon,2017-04-27 In the light of a rapidly changing media industry with new technologies actors and advertising models and the critical role of media in society this volume highlights the meaning of different values in media companies and media managers decisions It discusses how economic as well as societal values can

be equally integrated in media management processes and how such values affect the internal as well as external environment of media companies. The contributions analyze various issues in media management such as the relationship between quality and audience demand, the role of branding in building values changes in the value chain and the impact of deregulation. Further important topics include hypercompetition, mediatization challenges for media managers and the meaning of corporate social responsibility. Electronic Media Management, Revised Peter Pringle, Michael F. Starr, 2013-06-26. The fifth edition of a classic text features important updates that reflect the enormous changes that have taken place in recent years: the Internet as an important information transmission format that is here to stay and convergence among media. This edition features thorough discussions on the Internet and convergence as well as reflects the latest information on broadcast and cable regulations and policies. It also includes a fresh batch of case studies and study questions. As in previous editions this book also covers management theory, audience analysis, broadcast promotion and marketing.

Managing Electronic Media Joan Van Tassel, 2012-09-10. This college level media management textbook reflects the changes in the media industries that have occurred in the past decade. Today's managers must address new issues that their predecessors never faced from the threats of professional piracy and casual copying of digital media products to global networks on demand consumption and changing business models. The book explains the new vocabulary of media moguls such as bandwidth, digital rights management, customer relations management, distributed work groups, centralized broadcast operations, automated playlists, server based playout, repurposing, mobisodes, TV to DVD and content management. The chapters logically unfold the ways that managers are evolving their practices to make content market it and deliver it to consumers in a competitive global digital marketplace. In addition to media companies this book covers management processes that extend to all content producing organizations because today's students are as likely to produce high quality video and Web video for ABC Computer Sales as they are for the ABC Entertainment Television Network. Handbook of Media Management and Economics Alan Albarran, Bozena Mierzejewska, Sylvia M. Chan-Olmsted, Jaemin Jung, Michael O. Wirth, 2006-04-21. This comprehensive Handbook provides a synthesis of current work and research in media management and economics. The volume has been developed around two primary objectives: assessing the state of knowledge for the key topics in the media management and economics fields and establishing the research agenda in these areas ultimately pushing the field in new directions. The Handbook's chapters are organized into parts addressing the theoretical components, key issues, analytical tools and future directions for research. Each chapter offers the current state of theory and scholarship of a specific area of study and the volume contributors, all well established in their areas of specialty, represent domestic and international scholarship. With its unparalleled breadth of content from expert authors the Handbook provides background knowledge of the various theoretical dimensions and historical paradigms and establishes the direction for the next phases of research in this growing arena of study. The Handbook of Media Management and Economics will serve to stimulate future

thought and research in the media management and economics disciplines As such this volume will be a required reference for students professors and industry practitioners for years to come **Managing Media Work** Mark Deuze,2010-07-29
Managing Media Work provides a comprehensive cross national overview of the theory and practice of working in the media in the digital age Focusing on three key areas new media work media professions and media management this text prepares students to effectively manage their own media careers and to manage human capital in creative companies Written by leading international scholars the book addresses the increasingly global networked and unpredictable nature of the media industry as well as the growing complexities of media work **Media Management Matters** Ulrike Rohn, Tom Evans,2020-03-13 This edited volume explores media management as engaged scholarship building a bridge between theory and practice and discussing research collaboration between academia policymakers and the media industry In addition to advancing the scholarly discipline it also questions investigates and discusses the practical value of the research undertaken showing how media management research can provide actionable practice relevant knowledge to decision makers throughout the media industry The volume is broken into two parts a section reflecting on the need for collaboration between research and practice and a section overviewing specific projects that aim to deliver administrative value to stakeholders The international research projects presented here span topics such as digital transformation business models in news and digital journalism media entrepreneurship and start ups ad blocking location based services audiovisual consumption preferences the sustainability of small television markets co located and clustered industries and digital privacy Incorporating under used methodological approaches such as action research and ethnography Media Management Matters brings suggestions for how scholarship might be promoted outside academia Simply put this book aims to demonstrate why media management matters Featuring an international roster of contributors this collection is essential reading for scholars and practitioners of media management business and policy **Media Management** ,
