Mediaeval Ismaili History And Thought:

Mediaeval Isma'ili History and Thought Farhad Daftary, 2001-02-22 This volume presents scholarship on Ismaili history and thought from leading authorities in the field

Mediaeval Isma'ili History and Thought Farhad Daftary, 1996
Ismaili History and Intellectual Traditions Farhad Daftary, 2017-08-07 The Ismailis represent an important Shi'i Muslim community with rich intellectual and literary traditions. The complex history of the Ismailis dates back to the second eighth century when they separated from other Shi'i groups under the leadership of their own imams. Soon afterwards the Ismailis organised a dynamic revolutionary movement known as the da'wa or mission for uprooting the Sunni regime of the Abbasids and establishing a new Shi'i caliphate headed by the Ismaili imam. By the end of the third ninth century the Ismaili d's operating secretly on behalf of the movement were active in almost every region of the Muslim world from Central Asia and Persia to Yemen, Egypt and the Maghrib. This book brings together a collection of the best works from Farhad Daftary, one of the foremost authorities in the field. The studies cover a range of specialised topics related to Ismaili history, historiography, institutions, theology, law and philosophy amongst other intellectual traditions elaborated by the Ismailis. The collation of these invaluable studies into one book will be of great interest to the Ismaili community as well to anyone studying Islam in general or Shi'i Islam in particular.

The Isma'ilis Farhad Daftary, 2007-09-20 The Isma'ilis represent the second largest Shii Muslim community after the Twelvers and are today scattered throughout more than twenty five countries in Asia, the Middle East, Africa, Europe and North America. This 2007 second edition of this authoritative book traces the history and doctrinal development of the Isma'ilis from their origins in the formative period of Islam to the present day, a period of more than twelve centuries. All the major phases of Isma'ili history are covered, including the pre-Fatimid period, the Fatimid golden age, the Tayyibi Mustali period and the history of the Nizari Isma'ilis of Persia and Syria before the Mongol invasions. The final part traces the history of the modern Isma'ilis, particularly the socio-economic progress of the Nizari communities. The new edition is a thorough revision and incorporates new material, an expanded bibliography and new illustrations. It will be invaluable reading for students of Islamic and Middle Eastern history.

Historical Dictionary of the Ismailis Farhad Daftary, 2025-12-11 Designed as a mini-encyclopedia, this dictionary will serve as first point of reference for information on all the key Ismaili figures, concepts, institutions and traditions, as well as regions of importance in Ismaili history. In addition, numerous Muslim dynasties and figures with whom the Ismailis have come into contact are included.

Ismailis in Medieval Muslim Societies Farhad Daftary, 2005-12-20 I B Tauris in association with the Institute of Ismaili Studies. A comprehensive treatment of Ismaili medieval history in its entirety. It will have great appeal to all scholars of medieval Islam. Farhad Daftary is one of the world's leading authorities on Ismaili history and literature. This important book by an internationally acknowledged expert in Ismaili studies introduces Ismaili history and thought in medieval times. Discussing the different phases in Ismaili history, it describes both the early Ismailis as well as the contributions of the later Ismailis to Islamic culture.

A number of chapters deal with key Ismaili individuals such as Hasan i Sabbah Other chapters contextualise the Ismailis within the early Muslim societies in addition to investigating the Ismaili Crusader relations and the resulting legends on the Ismaili secret practices Over the course of the work it becomes clear that Ismaili historiography and the perception of the Ismailis by others in both Muslim and Christian milieus have had a fascinating evolution During their long history the Ismailis have often been accused of various heretical teachings and practices and at the same time a multitude of myths and misconceptions have circulated about them Farhad Daftary here separates myth from fact propaganda from actuality in a work characterised by his customary mastery of the sources and literature *The Ismailis in the Colonial Era* Marc van Grondelle, 2009 Examines the processes and interactions which led to the modernisation and successful co-optation by the British government of this comparatively small branch of Shi'a Islam The author poses several key questions regarding the wider developing relationship between movements in contemporary Islam and The West Ismailis Through History Mumtaz Ali Tajddin Sadik Ali, 1997 جاء ابن منصور اليعاني Ja'far ibn Manṣūr al-Yaman, James W.
