*Medical Block, Buchenwald* Walter Poller,1988    Epidemics and Genocide in Eastern Europe, 1890-1945 Paul Weindling,2000-02-03 During the First World War delousing became routine for soldiers and civilians following the recent discovery that the louse carried typhus germs But how did typhus come to be viewed as a Jewish disease and what was the connection between the anti typhus measures during the First World War and the Nazi gas chambers in the Second World War In this powerful book Professor Weindling draws upon wide ranging archival research throughout East and Central Europe to the United States to provide valuable new insight into the history of German medicine from its response to the perceived threat of typhus epidemics from its Eastern borders He examines how German experts in tropical medicine took an increasingly racialised approach to bacteriology regarding supposedly racially inferior peoples as carriers of the disease So they came to view typhus as a Jewish disease By the Second World War as migrants and deportees had become conditioned to expect the ordeal of delousing at border crossings ports railway junctions and on entry to camps so sanitary policing became entwined with racialisation as the Germans sought to eradicate typhus by eradicating the perceived carriers Typhus had come to assume a new and terrifying genocidal significance as the medical authorities sealed the German frontiers against diseased undesirables from the east and gassing became a favoured means of disease eradication    **The Jewish Holocaust** Marty Bloomberg,Buckley Barry Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance    Bettelheim Nina Sutton,1997-07-20 Who was Bruno Bettelheim The brilliant discoverer of a unique method of treating psychotic children justly acclaimed the world over Or the brutal and despotic bully who was denounced after his death by former students and patients In her quest to understand this puzzling and powerful man Nina Sutton spent five years tracing Bettelheim s footsteps from Vienna to Los Angeles via Chicago Basel and Jerusalem She interviewed students and colleagues friends and enemies and uncovered rare documents including Bettelheim s letters from Buchenwald and Dachau Most significantly he was a therapist driven by an almost magical idea that from an absolute evil Nazism could be drawn the salvation of deeply disturbed children Sutton shows how Bettelheim discovered his life force in the concentration camp and then tried to use his own aggression as a lightning rod for the self destructive anger and violence seething within the children in his care Probing deep into his past and into the scandal that broke out after his suicide she reveals how care and brutality commitment to truth and a passion for fairy tales could coexist in this exceptional man    **National Union Catalog** ,1978 Includes entries for maps and atlases    Dictionary Catalog of the Klau Library, Cincinnati Hebrew Union College-Jewish Institute of Religion.
