*The Seeker and the Shadow Hunter* Lauretta Beaver,2022-02-11 Buck a descendant of an Oriental Monk known as Shadow Stalker and his Cree ancestor Spirit Bear the last skinwalker finds in his youth a relic hidden centuries ago

A vision at his naming ceremony confirms once his training as a Shaman ends he must leave his ancestral mountains to become Shadow Hunter Why is Hunter the only one who sees the shadows rising out of Mother Earth are their others who can The shades appeared harmless until they find a host The Shaman would then become the hunter with help from the Dragon Medallion he exorcises the shadows Shadow Hunter roamed aimlessly searching for the truth until he met her The Shaman feels a magnetic pull that he knew he should resist especially when his cloak of illusion warned him Were the shades

the real danger or was it an illusion to draw him to her is she the actual threat Love blossoms once they band together to stop the Nephilim half angels bound eons ago Now released from their ancient prison hidden in the mist at Snowdonia in Wales they hunt magic users and Seekers ruthlessly As death stalks them Shadow Hunter gives into his deepest desire his love for the Priestess of Mother Earth would be tested again and again until one remained An ancient curse hidden in the dragon medallion burns deep into the Shaman the Nephilim abandons their search for Seekers now they must kill the Hunter

*O'odham Creation and Related Events* Donald M. Bahr,2016-12-01 The origin stories of the O'odham Pima Indians of Arizona are renowned for their beauty and complexity but have been collected in only a handful of books This volume the third full O'odham telling of ancientness to appear in print brings together dozens of stories collected in 1927 by anthropologist Ruth Benedict during her only visit to the Pimas Never before published they helped inspire Benedict to write her groundbreaking book Patterns of Culture The Pimas represented a way of life that Benedict at first called Dionysian after hearing the stories narratives songs and oratory collected from various tellers

during her three month stay The oral literature concerns the creation of the world and its transformations over time the creation of the O'odham people and other cultural traditions. Featuring a pair of man gods a female monster born of woman and a conquest of Pimas by Pimas they serve to mark the O'odham as a people distinct from their neighbors near and far. The present volume contains more stories than any other source of Pima tales plus more of the songs and orations that accompanied a telling. It includes The Rafter a host of ancillary stories numerous Coyote tales and additional speeches tied to the narratives of ancientness. One long story The Feud found only in this collection shows similarities to the Maya Popol Vuh. Donald Bahr a preeminent authority on the O'odham has not only clarified the text but has also written an introduction that provides the background to the collection and analyzes Benedict's probable reasons for never having published it. He has also included a previously unpublished text by Benedict Figures of Speech among the Pima O'odham Creation and Related Events represents an invaluable sourcebook of a people's oral literature as well as a tribute to a singular scholar's dedication and vision.
