Witt,2012-03-19 Traces the intellectual life of Italy where humanism began a century before it influenced the rest of Europe      *Medieval and Renaissance Humanism* Stephen Gersh,Bert Roest,2003-01-01 This collection of essays explores in an innovative way the humanist aspects of medieval and post medieval intellectual life and their multifarious appropriation during the early modern and modern period      *A Companion to Medieval Christian Humanism* John P. Bequette,2016-04-08 A Companion to Medieval Christian Humanism explores the perennial questions of Christian humanism as these emerge in the writings of key medieval thinkers questions pertaining to the dignity of the human person the human person's place in the cosmos and the moral and educational ideals involved in shaping human persons toward the full realization of their dignity The contributors explore what form these questions take for medieval thinkers and how they answer these questions thereby revealing the depth of medieval Christian humanism Contributors are C Colt Anderson David Appleby John P Bequette Benjamin Brown Richard H Bulzacchelli Nancy Enright David P Fleischacker Justin Jackson Ian Levy J Stephen Russell Aage Rydstrom Poulsen Andrew Salzmann John T Slotemaker Benjamin Smith and Eileen C Sweeney      **Italian Humanism and Medieval Rhetoric** Ronald G. Witt,2001 These essays are concerned with the nature of early renaissance political thought and the relationship between humanism and medieval rhetoric One group traces the influence of medieval political thought on the rise of the modern conception of republicanism others focus on the medieval art of letter writing and its place in the medieval cultural context while still others analyse the often contradictory thought of the early humanist Coluccio Salutati 1331 1406 who struggled to reconcile his classical learning with his medieval allegiances In the collection as a whole humanism emerges as a literary movement drawing as

heavily on patristic and medieval culture as on antiquity Awareness of its various debts permits recognition of what humanism itself contributed to the development of western thought and ethics

**Medieval Foundations of Renaissance Humanism** Walter Ullmann,1977 [Humanism and Education in Medieval and Renaissance Italy](#) Robert Black,2001-09-20 Based on the study of over 500 surviving manuscript school books this comprehensive 2001 study of the curriculum of school education in medieval and Renaissance Italy contains some surprising conclusions Robert Black s analysis finds that continuity and conservatism not innovation characterize medieval and Renaissance teaching The study of classical texts in medieval Italian schools reached its height in the twelfth century this was followed by a collapse in the thirteenth century an effect on school teaching of the growth of university education This collapse was only gradually reversed in the two centuries that followed it was not until the later 1400s that humanists began to have a significant impact on education Scholars of European history of Renaissance studies and of the history of education will find that this deeply researched and broad ranging book challenges much inherited wisdom about education humanism and the history of ideas [Eight Philosophers of the Italian Renaissance](#) Paul Oskar Kristeller,1964 Appendix The Medieval Antecedents of Renaissance Humanism

['In the Footsteps of the Ancients'](#) Ronald G. Witt,2000-03-31 This monograph demonstrates why humanism began in Italy in the mid thirteenth century It considers Petrarch a third generation humanist who christianized a secular movement The analysis traces the beginning of humanism in poetry and its gradual penetration of other Latin literary genres and through stylistic analyses of texts the extent to which imitation of the ancients produced changes in cognition and visual perception The volume traces the link between vernacular translations and the emergence of Florence as the leader of Latin humanism by 1400 and why limited to an elite in the fourteenth century humanism became a major educational movement in the first decades of the fifteenth It revises our conception of the relationship of Italian humanism to French twelfth century humanism and of the character of early Italian humanism itself In the Footsteps of the Ancients is the recipient of the Jacques Barzun Prize 2000 in Cultural History of the American Philosophical Society This publication has also been published in paperback please click here for details *Medieval humanism and other studies* Richard William Southern,1984

**Humanism and Scholasticism in Late Medieval Germany** James H. Overfield,2019-04-23 This analysis of the intellectual life of German universities in the fifteenth and early sixteenth centuries demonstrates that humanist scholastic relations were not the titanic struggles depicted in the humanists own arguments or the many modern chronicles Eschewing neat but misleading dichotomies the author describes the German humanists critique of scholasticism from the 1450s to the 1510s and the scholastics response He traces the reception of humanists in Germany s universities including their place in the academic corporation the opposition they faced and the pace of humanist curriculum reforms and he places the famous Reuchlin affair and other intellectual feuds in the context of humanist scholastic relations After 1500 the calls of the early humanists for the reform of Latin grammar instruction and the teaching of the studia humanitatis gave way to more encompassing attacks on

scholastic theology and the philosophical offerings of the arts course The study draws on a wide variety of sources to describe both the gradual emergence of Renaissance humanism after 1450 and its rapid triumph after 1500 James H Overfield is Associate Professor of History at the University of Vermont Burlington Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *Medieval Humanism* Richard William Southern, 1970      **Renaissance Monks: Monastic Humanism in Six Biographical Sketches** Franz Posset, 2005-10-01 This volume deals with the intellectual world of progressive Benedictine and Cistercian monks who vicariously represent humanists in cloisters Klosterhumanismus Bibelhumanismus in German speaking lands Conradus Leontorius 1460 1511 Maulbronn Benedictus Chelidonus c 1460 1521 Nuremberg and Vienna Bolfgangus Marius 1469 1544 Aldersbach in Bavaria Henricus Urbanus c 1470 c 1539 Georgenthal in the region of Gotha and Erfurt Vitus Bild Acropolitanus 1481 1529 Augsburg and Nikolaus Ellenbog 1481 1543 Ottobeuren in Swabia For the first time in historical theological research new insights are provided into the world of the social group called Monastic Humanists who emerged next to the better known Civic Humanists within the diverse international phenomenon of Renaissance humanism      *Humanism and Theology* Werner Jaeger, 1943 The Aristotelian Society of Marquette University each year invites a scholar to speak on the philosophy of St Thomas Aquinas These lectures have come to be called the Aquinas Lectures and are customarily delivered on the Sunday nearest March 7 the feast day of the Society's patron saint

**Renaissance Humanism, Volume 2** Albert Rabil, Jr., 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press's distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas      *The Two Latin Cultures and the Foundation of Renaissance Humanism in Medieval Italy* Ronald G. Witt, 2012-03-19 This book traces the intellectual life of the Kingdom of Italy the area in which humanism began in the mid thirteenth century a century or more before exerting its influence on the rest of Europe Covering a period of over four and a half centuries this study offers the first integrated analysis of Latin writings produced in the area examining not only religious literary and legal texts Ronald G Witt characterizes the changes reflected in these Latin writings as products of the interaction of thought with economic political and religious tendencies in Italian society as well as with intellectual influences coming from abroad His research ultimately traces the early emergence of humanism in northern Italy in the mid thirteenth century to the precocious development of a lay intelligentsia in the region whose participation in the culture of Latin writing fostered the beginnings of the intellectual movement which would

eventually revolutionize all of Europe
