*Monasteries and Society in the British Isles in the Later Middle Ages* Janet E. Burton, Karen Stöber, 2008 New essays on the monastic life in the later middle ages show that far from being in decline it remained rich and vibrant In recent years there has been an increasing interest in the history of the numerous houses of monks canons and nuns which existed in the medieval British Isles considering them in their wider socio cultural economic context historians are now questioning some of the older assumptions about monastic life

in the later Middle Ages and setting new approaches and new agenda The present volume reflects these new trends Its fifteen chapters assess diverse aspects of monastic history focusing on the wide range of contacts which existed between religious communities and the laity in the later medieval British Isles covering a range of different religious orders and houses This period has often been considered to represent a general decline of the regular life but on the contrary the essays here demonstrate that there remained a rich monastic culture which although different from that of earlier centuries remained vibrant CONTRIBUTORS KAREN STÖBER JULIE KERR EMILIA JAMROZIAK MARTIN HEALE COLMAN O CLABAIGH ANDREW ABRAM MICHAEL HICKS JANET BURTON KIMM PERKINS CURRAN JAMES CLARK GLYN COPPACK JENS ROHRKASTEN SHEILA SWEETINBURGH NICHOLAS ORME CLAIRE CROSS Late Medieval Monasteries and Their Patrons Karen Stöber, 2007 Challenges the orthodox view that lay patronage of monasteries dwindled in significance throughout the middle ages **Monastic Life in the Medieval British Isles** Julie Kerr, Emilia Jamrozak, Karen Stöber, 2018-10-15 This book celebrates the work and contribution of Professor Janet Burton to medieval monastic studies in Britain Burton has fundamentally changed approaches to the study of religious foundations in regional contexts Yorkshire and Wales placing importance on social networks for monastic structures and female Cistercian communities in medieval Britain moreover she has pioneered research on the canons and their place in medieval English and Welsh societies This Festschrift comprises contributions by her colleagues former students and friends leading scholars in the field who engage with and develop themes that are integral to Burton's work The rich and diverse collection in the present volume represents original work on religious life in the British Isles from the twelfth to the sixteenth century as homage to the transformative contribution that **Notes on the Medieval Monasteries and Ministers of England and Wales** H. into these complexes through elaborate rebuilding gifts of precious objects and flourishing libraries of rare books Then in just four years all of the eight hundred plus houses were closed and ten thousand people dispersed with the monastic fortune liquidated and passed to the crown Today we are left with echoes of a time dominated by an enclosed elite their homes repurposed or derelict or obliterated Some of these foundations still thrive as churches schools homes or tourist attractions Others have left little physical trace the casual viewer ignorant of their existence A Thousand Fates is not an account of why the monasteries closed or what happened to the people displaced Instead it focuses on the monastic buildings and their numerous fates and brings life to their stories     **Archaeologia Cambrensis** ,1921     English Mediaeval Monasteries, 1066-1540 Roy Midmer,1979
