## Medieval And Modern Ireland:

**Medieval and Modern Ireland** Canadian Association for Irish Studies. International Conference, 1988-01-01 Readers of this volume will be struck by the pervasiveness of the connections between the medieval and the modern in Ireland and the Irish artists in particular and realize why James Joyce could hardly avoid linking the modern Irish artist with the medieval Irish monk as he does in the bitter musings of Stephen Dedalus who walks alone into eternity along Sandymount Strand You were going to do wonders what Missionary to Europe after fiery Columbanus Contents Introduction Richard Wall The Image Of The Irish Medieval and Modern Continuity and Change F X Martin O S A John Bull's Other Ego Reactions to the Stage Irishman in Anglo Irish Drama Heinz Kosok Contemporary Irish Poetry and The Matter of Ireland Thomas Kinsella John Montague and Seamus Heaney Brian John Early Irish Literature and Contemporary Scholarly Disciplines Ann Dooley Brian Friel's Translations National and Universal Dimensions Wolfgang Zach Brian Moore and The Meaning of Exile Hallvard Dahlie Medieval Irish Poetics Linguistic Interaction and Audience Toni O'Brien Johnson The Artifice of Eternity Medieval Aspects of Modern Irish Literature John Wilson Foster Notes Notes on Contributors Index R [A History of Ireland in 100 Episodes](#) Jonathan Bardon, Fergal Tobin, 2023-10-26 This authoritative and comprehensive history of Ireland covers the entire history of the island from the Ice Age to the peace process in 100 short episodes In this thoughtful analysis of Irish society Bardon integrates the significant cultural and literary history of Ireland with its political and social past Based on the hugely popular BBC radio series A Short History of Ireland each episode stands alone providing a snippet of Irish history in five minutes reading In turn to read each episode in sequence from beginning to end provides a magisterial history of Europe's most western land *The Parish in Medieval and Early Modern Ireland* Raymond Gillespie, 2006 Contents Charles Doherty UCD The idea of the parish Patrick J Duffy NUI Maynooth The shape of the parish Elizabeth FitzPatrick NUI Galway The buildings and settlement of the parish Colm Ó Etchingham NUI Maynooth Pastoral provision in the first millennium a two tier service Tom Ó Carrag in NUI Cork Church buildings and pastoral care in early medieval Ireland Tadhg Ó Keeffe UCD The built environment of local community worship between the late eleventh and early thirteenth centuries Sin Ó Ní Ghadhail Archaeologist Late twelfth century church construction evidence of parish formation Helen Birmingham Archaeologist Priest's residences in later medieval Ireland Patrick Nugent Archaeologist The dynamics of parish formation in high medieval and late medieval Clare Henry A Jefferies Thornhill College Derry Parishes and pastoral care in the early Reformation Raymond Gillespie NUI Maynooth Urban parishes in early seventeenth century Ireland the case of Dublin Rolf Loeber and Magda Stouthamer Loeber University of Pittsburgh Kildare Hall the Countess of Kildare's patronage of the Jesuits and the liturgical setting of Catholic worship in early seventeenth century Dublin Eamonn Cotter Archaeologist Architectural change and the parish church in post Reformation Cork Rowena Dudley Independent Scholar The Dublin parish 1660-1730 Toby Barnard Hertford College Oxford The eighteenth century parish William Roulston Ulster Historical Foundation The role of the parish

in building and maintaining Anglican churches in the north of Ireland 1660-1740 *Dissent and Authority in Early Modern Ireland* Jane Wong, 2019-07-10 Dissent and Authority in Early Modern Ireland The English Problem from Bale to Shakespeare examines the problems that beset the Tudor administration of Ireland through a range of selected 16th century English narratives This book is primarily concerned with the period between 1541 and 1603 This bracket provides a framework that charts early modern Irish history from the constitutional change of the island from lordship to kingdom to the end of the conquest in 1603 The mounting impetus to bring Ireland to a complete conquest during these years has quite naturally led critics to associate England's reform strategies with Irish Otherness The preoccupation with this discourse of difference is also perceived as the Irish Problem a blanket term broadly used to describe just about every aspect of Irishness incompatible with the English imperialist ideologies The term stresses everything that is wrong with the Irish nation Ireland was a problem to be resolved This book takes a different approach towards the Irish Problem Instead of rehashing the English government's complaints of the recalcitrant Irish and the long struggle to impose royal authority in Ireland I posit that the Irish Problem was very much shaped and developed by a larger English Problem namely English dissent within the English government The discussions in this book focus on the ways in which English writers articulated their knowledge and anxieties of the English Problem in sixteenth century literary and historical narratives This book reappraises the limitations of the Irish Problem and argues that the crown's failure to control dissent within its own ranks was as detrimental to the conquest as the Irish Problem if not more so and finally it attempts to demonstrate how dissent translates into governance and conquest in early modern Ireland

*The Cambridge History of Ireland: Volume 1, 600-1550* Brendan Smith, 2018-03-31 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day Interspersing narrative with detailed analysis of key themes the first volume in The Cambridge History of Ireland presents the latest thinking on key aspects of the medieval Irish experience The contributors are leading experts in their fields and present their original interpretations in a fresh and accessible manner New perspectives are offered on the politics artistic culture religious beliefs and practices social organisation and economic activity that prevailed on the island in these centuries At each turn the question is asked to what extent were these developments unique to Ireland The openness of Ireland to outside influences and its capacity to influence the world beyond its shores are recurring themes Underpinning the book is a comparative outward looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe

**Early Modern Ireland** Sarah Covington, Valerie McGowan-Doyle, Vincent Carey, 2018-12-21 Early Modern Ireland New Sources Methods and Perspectives offers fresh approaches and case studies that push the field of early modern Ireland and of British and European history more generally into unexplored directions The centuries between 1500 and 1700 were pivotal in Ireland's history yet so much about this period has remained neglected until relatively recently and a great deal has yet to be explored Containing seventeen original and individually commissioned essays by an international and interdisciplinary group

of leading and emerging scholars this book covers a wide range of topics including social cultural and political history as well as folklore medicine archaeology and digital humanities all of which are enhanced by a selection of maps graphs tables and images Urging a reevaluation of the terms and assumptions which have been used to describe Ireland s past and a consideration of the new directions in which the study of early modern Ireland could be taken Early Modern Ireland New Sources Methods and Perspectives is a groundbreaking collection for students and scholars studying early modern Irish history

*An Eoraip: Gaelic Ireland in Medieval and Early Modern Europe* ,2025-08-14 Medieval and early modern Irish scholars thought of themselves as Europeans As an expression of territorial association this belief reflects both their familiarity with the geographical traditions of Antiquity and the integration of their society into economic cultural and political networks that spanned the continent But it was also an articulation of a perceived cultural affinity often denied in modern scholarship The chapters in this volume examine the many and various ways that Gaelic Ireland was integrated into the broader European world focusing on literature and learning real world politics economics and travel and questions of identity Contributors are Rachel Brody Michael Clarke Simon Egan Deborah Hayden Brendan Kane Victoria L McAlister Ken Donnchu Patricia Palmer Brian Stone and Patrick Wadden
