Medieval City:

Life in a Medieval City Frances Gies, Joseph Gies, 2010-08-03 From acclaimed historians Frances and Joseph Gies comes the reissue of their classic book on day to day life in medieval cities which was a source for George R R Martin's Game of Thrones series. Evoking every aspect of city life in the Middle Ages, *Life in a Medieval City* depicts in detail what it was like to live in a prosperous city of Northwest Europe in the twelfth and thirteenth centuries. The year is 1250 CE and the city is Troyes, capital of the county of Champagne and site of two of the cycle Champagne Fairs: the Hot Fair in August and the Cold Fair in December. European civilization has emerged from the Dark Ages and is in the midst of a commercial revolution. Merchants and money men from all over Europe gather at Troyes to buy, sell, borrow and lend, creating a bustling market center typical of the feudal era. As the Gieses take us through the day to day life of burghers, we learn the customs and habits of lords and serfs, how financial transactions were conducted, how medieval cities were governed, and what life was really like for a wide range of people. For serious students of the medieval era and anyone wishing to learn more about this fascinating period, *Life in a Medieval City* remains a timeless work of popular medieval scholarship. **The Later Medieval City,**

1300-1500 David Nicholas, 1997 That traces the rise of the medieval European city system from late antiquity to the early fourteenth century, this offers a portrait of the fully developed later medieval city in all its richness and complexity. *A Day in a Medieval City* Chiara Frugoni, 2005-09 An opportunity to experience the daily hustle and bustle of life in the late Middle Ages. *A Day in a Medieval City* provides a captivating dawn to dark account of medieval life. A visual trek through the thirteenth and fourteenth centuries with seasoned medieval historian Chiara Frugoni as guide, this book offers a vast array of images and vignettes that depict the everyday hardships and commonplace pleasures of people living in the Middle Ages. *A Day in a Medieval City* breathes life into the activities of city streets, homes, fields, schools, and places of worship. With entertaining anecdotes and gritty details, it engages the modern reader with its discoveries of the religious, economic, and institutional practices of the day. From urban planning and education to child care, hygiene, and the more leisurely pursuits of games, food, books, and superstitions, Frugoni unearths the daily routines of private and public life. Beginning in the countryside and moving to the city, and inside private homes, stunning color images throughout offer a visual ramble through medieval Florence, Venice, and Rome. *A Day in a Medieval City* is a charming portal to the Middle Ages that you'll surely want with you on your travels to Europe or in your armchair. **The Medieval City** Norman Pounds, 2005-04-30 An introduction to the life of towns and cities in the medieval period, this book shows how medieval towns grew to become important centers of trade and liberty. Beginning with a look at the Roman Empire's urban legacy, the author delves into urban planning or lack thereof, the urban way of life, the church in the city, city government, urban crafts, and urban trade, health, wealth, and welfare, and the city in history. Annotated primary documents like the Domesday Book, sketches of street life, and descriptions of fairs and markets bring the period to life, and extended biographical sketches of towns, regions, and city dwellers provide readers with

City and Cosmos Keith D. Lilley, 2009-09-01 In *City and Cosmos* Keith D Lilley argues that the medieval mind considered the city truly a microcosm much more than a collection of houses a city also represented a scaled down version of the very order and organization of the cosmos Drawing upon a **The Growth of the Medieval City** David M Nicholas, 2014-06-17 The first part of David Nicholas s massive two volume study of the medieval city this book is a major achievement in its own right It is also fully self sufficient though many readers will want to use it with its equally impressive sequel which is being published simultaneously In it Professor Nicholas traces the slow regeneration of urban life in the early medieval period showing where and how an urban tradition had survived from late antiquity and when and why new urban communities began to form where there was no such continuity He charts the different types and functions of the medieval city its interdependence with the surrounding countryside and its often fraught relations with secular authority The book ends with the critical changes of the late thirteenth century that established an urban network that was strong enough to survive the plagues famines and wars of the fourteenth and fifteenth centuries Medieval Cities Henri Pirenne, 1925 This little volume contains the substance of lectures delivered from October to December 1922 in several American universities

Pref Bibliography p 245 249 **The City in Medieval Europe** Danielle Watson, 2016-07-15 Read about the rise of many of medieval Europe s greatest cities from the canals of Venice to the crowded streets of London Learn how these cities were founded how they were governed the trade they spurred and what everyday life was like for a city s people Mystras Manolēs Chatzēdakēs, 1981 Chatzidakis scrutinizes the first evidence for Mystras before the Frankish Conquest of 1249 the city s acme under the Franks from 1249 to 1262 and subsequently in the days of the Kantakouzenoi and the Palaiologoi and again when as capital of the Despotate of the Morea from 1348 to 1460 Mystras became the centre and very soul of the

Peloponnese a city in constant communication politically and culturally with the capital of the Byzantine Empire Constantinople itself And indeed the rich decoration of Mystras churches the Metropolis the Apheniko the Peribleptos or the Pantanassa for instance is a brilliant example of Constantinople's art at its greatest Chatzidakis also has a chapter about each of the monuments and its architecture painting and sculptured decoration with notes on the minor chapels The Castle the walls the palaces and the houses the indispensable framework for a better understanding of the art of Byzantine Mystras are examined in the last part of the book This new edition retains the author's original text in its original form comprising a detailed study of the monuments and the city over the centuries All that is new is the additions and adjustments made necessary by recent findings the result of conservation and restoration work on the archaeological site by the Fifth Ephorate of Byzantine Antiquities Sparta Essential additions have also been made to the chapter on the Museum these are due to the recent new exhibition on display since 2001 and in particular to the conservation and study of the dress of the Byzantine princess This edition also has the benefit of new photographs of the site and the monuments

Urban Panegyric and the Transformation of the Medieval City, 1100-1300 Paul Oldfield, 2018-12-27 This study offers the first extensive analysis of the function and significance of urban panegyric in the Central Middle Ages a flexible literary genre which enjoyed a marked and renewed popularity in the period 1100 to 1300 In doing so it connects the production of urban panegyric to major underlying transformations in the medieval city and explores praise of cities primarily in England Flanders France Germany Iberia and Italy including the South and Sicily The volume demonstrates how laudatory ideas on the city appeared in extremely diverse textual formats which had the potential to interact with a wide audience via multiple textual and material sources When contextualized within the developments of the twelfth and thirteenth centuries these ideas could reflect more than formulaic rhetorical outputs for an educated elite they were instead integral to the process of urbanisation In *Urban Panegyric and the Transformation of the Medieval City 1100 1300* Paul Oldfield assesses the generation of ideas on the Holy City on counter narratives associated with the Evil City on the inter relationship between the City and abundance primarily through discourses on commercial productivity hinterlands and population size on landscapes and sites of power and on knowledge generation and the construction of urban histories Urban panegyric can enable us to comprehend more deeply material functional and ideological change associated with the city during a period of notable urbanization and importantly how this change might have been experienced by contemporaries This study therefore highlights the importance of urban panegyric as a product of and witness to a period of substantial urban change In examining the laudatory depiction of medieval cities in a thematic analysis it can contribute to a deeper understanding of civic identity and its important connection to urban transformation

Mapping the Medieval City Catherine A M Clarke, 2011-05-15 This ground breaking volume brings together contributions from scholars across a range of disciplines including literary studies history geography and archaeology to investigate questions of space place and identity in the medieval city Using Chester as a case study with

attention to its location on the border between England and Wales its rich multi lingual culture and surviving material fabric the essays seek to recover the experience and understanding of the urban space by individuals and groups within the medieval city and to offer new readings from the vantage point of twenty first century disciplinary and theoretical perspectives The volume includes new interpretations of well known sources and features such as the Chester Whiston Plays and the city s Rows and walls but also includes discussions of less studied material such as Lucian s In Praise of Chester one of the earliest examples of urban encomium from England and an important text for understanding the medieval city and the wealth of medieval Welsh poetry relating to Chester Certain key themes emerge across the essays within this volume including relations between the Welsh and English formulations of centre and periphery nation and region different kinds of mapping and the visual and textual representation of place borders and boundaries uses of the past in the production of identity and the connections between discourses of gender and space The volume seeks to generate conversation and debate amongst scholars of different disciplines working across different locations and periods and to open up directions for future work on space place and identity in the medieval city
