Allegory Studies Vladimir Brljak, 2021-08-30 Allegory Studies Contemporary Perspectives collects some of the most compelling current work in allegory studies by an international team of researchers in a range of disciplines and specializations in the humanities and cognitive sciences The volume tracks the subject across disciplinary cultural and period based divides from its shadowy origins to its uncertain future and from the rich variety of its cultural and artistic manifestations to its deep cognitive roots Allegory is everything we already know it to be a mode of literary and artistic composition and a religious as well as secular interpretive practice As this volume attests however it is much more than that much more than a sum of its parts Collectively the phenomena we now subsume under this term comprise a dynamic cultural force which has left a deep imprint on our history whose full impact we are only beginning to comprehend and which therefore demands precisely such dedicated cross disciplinary examination as this book seeks to provide

Fruit for the Soul Dennis Ngien, 2015-12-01 Given a life spent in scholarship and controversy it is easy to forget how much energy Martin Luther devoted to helping the common person understand and take comfort from God's word This commitment extended to even the most challenging of biblical texts and nowhere is this more apparent than Luther's work on the lament Psalms Difficult to understand and perhaps even more difficult to implement in life and devotion the lament Psalms played a key role in Luther's thought More importantly the lament Psalms were for Luther an essential part of the Christian's understanding of the life of faith In this volume Dennis Ngien helps contemporary readers engage Luther's commentary on the lament Psalms What Luther intended for the education and encouragement of everyday Christians Ngien unpacks and illuminates for life in the twenty first century Introduced and commended by Robert Kolb the volume will be appreciated by teacher and student alike
