Medieval Russia:

Historical Dictionary of Medieval Russia Lawrence N. Langer, 2002 History is full of surprises but rarely has there been a turnaround as unexpected and momentous as what occurred to a formative Russia during the medieval period Attacked and invaded from all sides it hardly looked as if the small Slavic principalities would survive But they did and were eventually absorbed into Kiev Rus and then Muscovy which gradually expanded and laid the foundation for a huge empire The author uncovers this extraordinary period from the founding of the Kievan state to the accession of Peter the Great in 1682 describing both the times of danger and defeat and those of expansion and revitalization Entries cover o Tsars o Princes and khans o Pretenders and rebels o Patriarchs and priests o Russians o Mongols and others **The a to Z of Medieval Russia** Lawrence N. Langer, 2010-04 History is full of surprises but rarely has there been a turnaround as unexpected and momentous as what occurred to a formative Russia during the medieval period Attacked and invaded from all sides it hardly looked as if the small Slavic principalities would survive But they did and were eventually absorbed into Kiev Rus and then Muscovy which gradually expanded and laid the foundation for a huge empire The author uncovers this extraordinary period from the founding of the Kievan state to the accession of Peter the Great in 1682 describing both the times of danger and defeat and those of expansion and revitalization Entries cover o Tsars o Princes and khans o Pretenders and rebels o Patriarchs and priests o Russians o Mongols and others Medieval Russia, 980-1584 Janet Martin, 2007-12-06 A revised edition of the history of Russia from 980 1584 **Medieval Russia's Epics, Chronicles, and Tales** Serge A. Zenkovsky, 1974-05-01 First published in 1963 this unique and pioneering anthology has been continuously used as an invaluable text in Russian studies Containing over sixty selections from the finest of Russia's medieval authors much of the material published in this anthology has never before been available in English Medieval Russian Epics Chronicles and Tales is a vital resource for readers interested in learning more about the writings that influenced Pushkin Gogol Dostoevsky Tolstoy and Chekhov Editor Serge A Zenkovsky completely revised the text and enlarged the book adding almost one hundred pages of new material including Sviatoslav's Early Campaigns The Siege of Kiev and Olga's Death Vladimir Monomakh Instruction to His Children Tale of the Life and Courage of the Pious and Great Prince Alexander Narrative of the Pious Prince Dovmont and His Courage The Writing of Daniil the Prisoner Orison on the Life and Death of Grand Prince Dmitry Ivanovich Afanasy Nikitin's Journey Across Three Seas Ivan Funikov Message of a Nobleman to a Nobleman Epic of Sukhan Simeon Polotsky Excerpt from Ode on the Birth of Peter I Simeon Polotsky The Law Simeon Polotsky The Merchant Class Tsar Alexis Mikhailovich The Rules of Falconry In addition to a comprehensive introduction the editor has prefaced each selection with detailed information about its literary and historical background and has included a glossary and brief chronology of Russian history and culture **Medieval Russia** Basil Dmytryshyn, 1967 **The Crisis of Medieval Russia 1200-1304** John Fennell, 2014-10-13 John Fennell's history of thirteenth century Russia is the only detailed study in English

of the period and is based on close investigation of the primary sources His account concentrates on the turbulent politics of northern Russia which was ultimately to become the tsardom of Muscovy but he also gives detailed attention to the vast southern empire of Kiev before its eclipse under the Tatars The resulting study is a major addition to medieval historiography an essential acquisition for students of Russia itself and a book which decisively fills a vast blank on the map of the European Middle Ages for medievalists generally Law in Medieval Russia Ferdinand Joseph Maria Feldbrugge, 2009 Much of what we know about the colourful Russian middle ages comes from legal sources the treaties of Russian Scandinavian warlords with the Byzantine emperors the gradual penetration of Christianity and Byzantine institutions the endless game of war and peace among the numerous regional princes the activities of Hanseatic merchants in the wealthy city republic of Novgorod the curious relationships between the Mongol conquerors and Russian rulers and church dignitaries etc And at the even further fringes of medieval Europe there were the Christian kingdoms of Armenia and Georgia squeezed between the Islamic empires of Iran and Turkey but each possessing their elaborate and original legal systems A discussion of more general questions of legal history and legal anthropology precedes the treatment of these various topics Medieval Russian Culture Daniel Bruce Rowland, 1984-01-01 A stimulating and provocative collection these essays challenge received notions about the culture and history of medieval Russia and offer fresh approaches to problems of textual interpretation the theory of the medieval text and the analysis of alternative nonverbal texts The contributors international specialists from many disciplines investigate issues ranging over history cultural anthropology art history and ritual They have produced a worthy companion to the first volume of Medieval Russian Culture published in 1984 *Medieval Russia* Charles River Charles River Editors, 2018-04-29 Includes pictures Includes online resources and a bibliography for further reading The formation of the state is a natural stage in the development of society This is a very lengthy process so any event that marks the transition to the state forms of life is very conditional Primitive society could exist guided by two basic principles that regulated social life custom tradition and the right of the strong Centuries old traditions were rarely challenged so there was no need for some special mechanisms to ensure their compliance However as primitive society gradually changed the relations between the congeners became more and more diverse The interests of an individual family did not always coincide with common interests which destroyed the clan from the inside There was thus a need to create new more complex rules like norms and laws and to achieve their implementation In the 8th and 9th centuries among Eastern Slavs the ancestral way of life was thoroughly destroyed leading to the birth of the state Neighboring communities could no longer be managed on the basis of old tribal customs All this required the creation of new rules and norms In the 9th century the gradual strengthening of the Kniaz's power continued This process was accelerated under the influence of external factors in the north of the East European Plain the raids of the Varangians became a constant phenomenon and in the south the hostility of the Slavic and Turkic tribes increased dramatically Between 862 and 882 the majority of East Slavic tribes were united by Kiev Thus under

the rule of Kiev the Old Russian state Kievan Rus was established It was an early feudal state since it preserved the vestiges of the tribal system the elements of military democracy At the head of the state was the Grand Prince of Kiev under which there was a council of the most distinguished and powerful princes The princely vigilantes were in charge of collecting tribute taxes carrying out the court etc Special representatives of the prince posadnik were appointed in the cities There had been a gradual strengthening of the power of the Kiev princes over the tribal communities of the Slavs The Kiev princes Oleg and Vladimir united the Slavic and non Slavic lands both by force and through various agreements However princely power was limited by the elements of the people s self government the People s Assembly Veche operated between the 9th and 11th centuries In the 19th century historians no longer interpreted the processes of the creation of the Russian state in such an immediate way They did not reduce it to the assertion of an autocratic power capable of overcoming both the centrifugal forces within the country and the Mongol domination The process of creating a centralized state in Eastern Russia was viewed as a definite result of the ethnic development of the people The development of state institutions of power was associated with the processes that took place in Moscow The content of the process itself was reduced to the struggle of various socio political forms and the layers of the population that stood behind them This scheme was embodied in the work of S M Solovyov who gave it a historical reasoning revealing the inner forces of development of Russian statehood Klyuchevsky and his followers supplemented this scheme with the study of socio economic processes Medieval Russia The History and Legacy of the Groups that Developed the Russian State in the Middle Ages examines the turbulent history of the civilizations that migrated into Russia and developed cities and settlements across the vast landscape Along with pictures of important people places and events you will learn about Russia in the Middle Ages like never before

Medieval Russia's Epics, Chronicles, and Tales ,1963 **Medieval Russia** ,1988 **The Image of Aleksandr Nevskiy in Medieval Russia** Mari Isoaho,2006-06-01 This study examines the evolution of the image of Aleksandr Nevskiy in close connection with the dynamics of the political and cultural history of medieval Russia It demonstrates that historians often misinterpret the Life of Aleksandr Nevskiy and treat it as a source for political and military history By putting the Life in the context of Christian not only Orthodox culture the study achieves remarkable and impressive results in its analysis of the Life With its mature and innovative methodology it also demonstrates how the Life

impacted on common historical consciousness as it was placed into the historical framework of the medieval Russian chronicles This researches places Isoaho among those scholars of medieval Russian history who study the role of political leaders in the formation of the Russian state **Early European History: Medieval and early modern times** Hutton Webster,1917 Representing Russia's Orient Adalyat Issiyeva,2021 Building on long forgotten archives and detailed case studies Representing Russia s Orient reveals how complex representations of oriental subjects in nineteenth century Russian art music which often merged elements of East and West contributed to the formation of Russia s national identity The Growth of the Law in Medieval Russia Daniel H. Kaiser,2014-07-14 By examining the growth of legal institutions and concepts in Russia from the twelfth to the fifteenth centuries Daniel Kaiser shows how the process of legal change reflects a gradual transformation of the political life social relations and accepted values of a traditional society Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Crisis of Medieval Russia, 1200-1304.
