Medieval Village Manor Monastery:

Medieval Village, Manor, and Monastery George Gordon Coulton, 1975
Coulton, 1926 Medieval Village, Manor, and Monastery, 1996 **The Medieval Village** George Gordon Coulton, 2013-10 This is a new release of the original 1925 edition **Medieval Village, Manor and Monastery** G. G. Coulton, 2013-10
A Millennium of Family Change Wally Seccombe, 1995-10-17 How do changes in family form relate to changes in society as a whole In a work which combines theoretical rigour with historical scope Wally Seccombe provides a powerful study of the changing structure of families from the Middle Ages to the beginning of the Industrial Revolution Responding to feminist critiques of sex blind historical materialism Seccombe argues that family forms must be seen to be at the heart of modes of production He takes issue with the mainstream consensus in family history which argues that capitalism did not fundamentally alter the structure of the nuclear family and makes a controversial intervention in the long standing debate over European marriage patterns and their relation to industrialization Drawing on an astonishing range of studies in family history historical demography and economic history *A Millennium of Family Change* provides an integrated overview of the long transition from feudalism to capitalism illuminating the far reaching changes in familial relations from peasant subsistence to the making of the modern working class
Monastic Archaeology Graham Keevill, Mick Aston, Teresa Hall, 2017-01-31 The study of monasteries has come a long way since late the late 19th century The emphasis has shifted away from reconstructing the layouts of monastic buildings to a better understanding of the wider monastic environment The papers in this volume partly based on a conference held in Oxford in 1994 are written by some of today s foremost scholars and reflect the diversity of research now being carried out *A History of the Middle Ages* Joseph Dahmus, 1995 During the Merovingian centuries when most kings were weak and brutal men fought over power and booty ordinary folk as well as many who were not so ordinary again found themselves in desperate need of protection The result was the appearance and wide extension of a practice called commendation from back cover **The Monastic World** Andrew Jotischky, 2025-01-14 A major new history of medieval monasticism from the fourth to the sixteenth century From the late Roman Empire onwards monasteries and convents were a common sight throughout Europe But who were monasteries for What kind of people founded and maintained them And how did monasticism change over the thousand years or so of the Middle Ages Andrew Jotischky traces the history of monastic life from its origins in the fourth century to the sixteenth He shows how religious houses sheltered the poor and elderly cared for the sick and educated the young They were centres of intellectual life that owned property and exercised power but also gave rise to new developments in theology music and art This book brings together the Orthodox and western stories as well as the experiences of women to show the full picture of medieval monasticism for the first time It is a fascinating wide ranging account that broadens our understanding of life in holy orders as never before **Sin and Society in Fourteenth-Century England** Michael Haren, 2000-05-11 Penetrating behind the seal of medieval confession is among the most formidable

historiographical challenges One route is through confessors manuals This is the first full scale scholarly study of a fourteenth century confessor s English example It contributes significantly to the European wide research on pre Reformation confessional practice and clerical training On another level the *Memoriale Presbiterorum* s peculiarly intense concern with social morality affords pungent commentary on contemporary English society Michael Haren analyses a remarkable treatise both as a vehicle of social doctrine and as a mirror of the milieu to which it is directed While presenting it against its general intellectual background continental and English he also argues for its setting within a vigorous and largely neglected episcopal regime that of Bishop Grandisson of Exeter His wide ranging exposition will interest students of moralizing literature including Chaucer and *Piers Plowman* as well as historians *A History of Medieval Civilization* Joseph Henry Dahmus,1964 **The Medieval Village** George Gordon Coulton,1925 *The Guide to Catholic Literature* Walter Romig,1965 *Monastic Archaeology* Graham D. Keevill,Teresa Anne Hall,2001 **Review** ,1982 **Adult Catalog:** **Subjects** Los Angeles County Public Library,1970 *Marriage, a History* Stephanie Coontz,2005 Just when the clamor over traditional marriage couldn t get any louder along comes this groundbreaking book to ask What tradition In Marriage a History historian and marriage expert Stephanie Coontz takes readers from the marital intrigues of ancient Babylon to the torments of Victorian lovers to demonstrate how recent the idea of marrying for love is and how absurd it would have seemed to most of our ancestors It was when marriage moved into the emotional sphere in the nineteenth century she argues that it suffered as an institution just as it began to thrive as a personal relationship This enlightening and hugely entertaining book brings intelligence perspective and wit to today s marital debate *Letters and Society in Fifteenth-century Spain* A. D. Deyermond,Jeremy Lawrance,1993 *Civilization Past and Present* Thomas Walter Wallbank,Alastair MacDonald Taylor,Nels M. Bailkey,George Barr Carson,1965 *Paperbound Books in Print* ,1962 **Sentence and Solaas** Tsutomu Satō,1979
