## **Meditaciones Cartesianas:**

Discurso del Método / Meditaciones metafísicas René Descartes, 2012-07-03 El cartesianismo hace mucho tiempo que murió. El pensamiento de Descartes sin embargo pervive y pervive mientras exista como guía de reflexión la libertad de pensar. Este principio constituye la más deliciosa filosofía que el hombre pudo inventar y eso se lo debe a la humanidad en buena parte a Descartes y especialmente a las dos obras que el lector tiene entre sus manos. Leer a Descartes es uno de los mejores ejercicios para mantener vivo el más importante impulso de la filosofía moderna: una duda previa absoluta un escepticismo como punto de partida del genuino saber. Con todo el principal miedo del que pasa por ser el primer racionalista oficial de la historia de la filosofía ha consistido en su matizada crítica al pensamiento dogmático. Nada efectivamente puede ser aceptado en virtud de una autoridad cualquiera. Este heroe del pensamiento moderno en palabras de Hegel ha llevado a la filosofía por caminos apenas percibidos anteriormente. Atrevíndose por decirlos en palabras de Dalembert a enseñar a las buenas cabezas a sacudirse el yugo de la escolástica de la opinión de la autoridad en una palabra de los prejuicios y de la barbarie y con esta rebeldía cuyos frutos recogemos hoy ha hecho a la filosofía más esencial quiz que todos los que están deben a los ilustres sucesores de Descartes.

Antonio Rodríguez Huéscar, 1995-01-01 Husar presents a systematic critique of idealism and modernity framing Edmund Husserl's phenomenological philosophy as the most refined and far-reaching version of idealism. He includes the essentials of the system of categories adopted by Ortega in order to overcome idealism.      *Descartes: de la metafísica a la moral* Julio Morales Guerrero, 2023-10-06 El infinito es el asunto central de la obra de Descartes. Bajo esta tesis el filósofo Julio Morales Guerrero plantea una serie de reflexiones alrededor de la obra del pensador francés. Inicia examinando el modo de operar de la mente que conduce a Descartes a contemplar a Dios como un océano de substancia infinita para luego desde esa posición plantear la moral como el asunto de mayor importancia para la vida humana. Morales examina las opiniones filosóficas de Descartes y detiene en aquellas que resultan opuestas sobre un mismo asunto y explica las razones por las cuales esto sucede. En Descartes de la metafísica a la moral el lector se adentra por el pensamiento de uno de los filósofos más importantes de la historia.

**Acta fenomenológica latinoamericana Vol. II**, 2005      Manuel de Falla and Modernism in Spain, 1898-1936 Carol A. Hess, 2001 Although studies of Modernism have focused largely on European nations, Spain has been conspicuously neglected. As Carol A. Hess argues in this compelling book, such neglect is wholly undeserved. Through composer Manuel de Falla (1876-1946), Hess explores the advent of Modernism in Spain in relation to political and cultural tensions prior to the Spanish Civil War. The result is a fresh view of the musical life of Spain that departs from traditional approaches to the subject and reveals an open and constantly evolving aesthetic climate.      **Lenguaje** Harry P. Reading Descartes. Consciousness, Body, and Reasoning Andrea Strazzoni,Marco Sgarbi,2023-11-02 This volume takes cue from the idea that the thought of no philosopher can be understood without considering it as the result of a lively dialogue with other thinkers On this ground it addresses the ways in which Ren Descartes s philosophy evolved and was progressively understood by intellectuals from different contexts and eras either by considering direct interlocutors of Descartes such as Isaac Beeckman and Elisabeth of Bohemia thinkers who developed upon his ideas and on particular topics as Nicolas Malebranche or Thomas Willis those who adapted his overall methodology in developing new systems of knowledge as Johannes Clauberg and Pierre Sylvain R gis and contemporary thinkers from continental and analytic traditions like Emanuele Severino and Peter Strawson
