**The New Meditation Handbook** Geshe Kelsang Gyatso, 2013-05-01 The New Meditation Handbook is a practical guide to meditation that teaches us how to make ourself and others happy by developing inner peace and in this way making our lives more meaningful. Without inner peace there is no real happiness at all. Problems suffering and unhappiness do not exist outside the mind they are feelings and thus part of our mind. Therefore it is only by controlling our mind that we can permanently stop our problems and make ourself and others truly happy. The twenty one Buddhist meditation practices presented in this book are actual methods to control our mind and experience lasting inner peace. This extremely practical guide is an indispensable handbook for those seeking happiness and meaning in their lives. *The New Meditation Handbook* Kelsang Gyatso, 2009 Perfect for both beginners and experienced meditators this practical guide offers an introduction to the expansive inner world of meditation as well as a series of 21 step by step meditations leading to increasingly peaceful and beneficial states of mind which together form the entire Buddhist path to enlightenment. By following simple meditation instructions readers can experience the inner tranquility and lightness of mind that comes from meditation to reduce life's difficulties and bring greater happiness for ourself and others. Clear and relevant meditation break practices are revealed so readers can integrate the meditations into their daily activities to reduce tension and improve relationships.

**Master Dogen's Zazen Meditation Handbook** Eihei Dogen, 2022-04-19 Dogen's famous text on Zen practice comes alive in the hands of a modern meditation master Carl Biefeldt Professor of Religious Studies Stanford University and author of Dogen's Manuals of Zen Meditation. This is the definitive English translation of a foundational work of Zen Buddhism the Bendowa On the Endeavor of the Way by Eihei Dogen founder of the Soto school of Zen in Japan. Written in 1231 it contains the master's essential teachings on zazen or seated meditation which is the fundamental pathway to Buddhist enlightenment. The first part of the book introduces the notion of wondrous dharma and looks at the role of the individual to society and notions of time and interconnection. The second part of the work is cast in the form of a dialogue the Q A format offering answers to questions a Zen novice might pose regarding the paths to enlightenment. How can passively sitting being a means of attaining enlightenment? Why is sitting so key to meditation? Can seated meditation be combined with other practices? How can I maintain a practice that accords with my other responsibilities in life? What sets this edition apart are the contemporary insights by modern Zen master Koshō Uchiyama Roshi which tackle some of the difficulties readers face in comprehending Dogen's guidance and demystify some of the terms and concepts central to an understanding of zazen practice and Buddhist philosophy. He discusses the notion of dharma as presented in the text and looks at Buddhist thought through the lens not of abstraction but in terms of its concrete realities.
