Steiner,2018-10-10 As a spiritual teacher Rudolf Steiner wrote many inspired and beautifully crafted verses Often they were given in relation to specific situations or in response to individual requests sometimes they were offered simply to assist in the process of meditation Regardless of their origins they are uniformly powerful in their ability to connect the meditating individual with spiritual archetypes Thus the meditations provide valuable tools for developing experience and knowledge of subtle dimensions of reality Matthew Barton has translated and selected Steiner s verses sensitively arranging them by theme In this collection to promote courage and tranquillity Rudolf Steiner highlights the balancing harmonizing forces of the heart which are so much under attack in our cerebral culture The verses aim to strengthen the heart by warming and enlivening thinking allowing for genuine peace of mind by drawing feeling into the dark depths of our will in order to help develop courage by nurturing a real sense of peace within the heart and by helping us to help others Together they provide a powerful antidote to the stresses and strains of modern life **Meditation Solutions** Paul Roland,2002 **Meditations**
