God is Love: a Series of Plain Sermons George Frederick De Teissier, 1876 Conversion Works Jeffrey A. Allen, 2021-11-17 In this book conversion means abandoning a world view and starting over Using this definition of conversion the book examines four works Augustine of Hippo's *Confessions* Ren Descartes's *Meditations on First Philosophy* Bernard Lonergan's *Insight: A Study of Human Understanding* and Peter Weir's *The Truman Show* The main argument of this book is that all four works contain and induce conversion That is all four works feature an individual who abandons a world view and starts over and all four works exhort their reader to do the same This book also explores the works requirement of cognitive imitation wherein a person replicates the mental activities of the individual who has a conversion in the work and of private engagement wherein a person reads or views the work while alone The book concludes with an argument for the educational value of the four works that appropriates Ernest Becker's *The Denial of Death* Village Preaching for a Year. [Sermon Sketches.] Sabine Baring Gould, 1876 **The Publishers Weekly**, 1886 **Historical papers, ed. by J. Morris**
