The Vedânta-Sûtras, with the Commentary by

Saṅkarâkârya Bâdarâyaṇa,1896 *The Vedanta-Sutras (Complete)* Ramanuja,2020-09-28 To the sacred literature of the Brahmans in the strict sense of the term i e to the Veda there belongs a certain number of complementary works without whose assistance the student is according to Hindu notions unable to do more than commit the sacred texts to memory In the first place all Vedic texts must in order to be understood be read together with running commentaries such as S yana s commentaries on the Samhit s and Br hmanas and the Bh shyas ascribed to Sankara on the chief Upanishads But these commentaries do not by themselves conduce to a full comprehension of the contents of the sacred texts since they confine themselves to explaining the meaning of each detached passage without investigating its relation to other passages and the whole of which they form part considerations of the latter kind are at any rate introduced occasionally only The task of taking a comprehensive view of the contents of the Vedic writings as a whole of systematising what they present in an unsystematical form of showing the mutual co ordination or subordination of single passages and sections and of reconciling contradictions which according to the view of the orthodox commentators can be apparent only is allotted to a separate s stra or body of doctrine which is termed M m ms i e the investigation or enquiry viz the enquiry into the connected meaning of the sacred texts Of this M m ms two branches have to be distinguished the so called earlier p rva M m ms and the later uttara M m ms The former undertakes to systematise the karmak nda i e that entire portion of the Veda which is concerned with action pre eminently sacrificial action and which comprises the Samhit s and the Br hmanas exclusive of the ranyak portions the latter performs the same service with regard to the so called g nak nda i e that part of the Vedic writings which includes the ranyak portions of the Br hmanas and a number of detached treatises called Upanishads Its subject is not action but knowledge viz the knowledge of Brahman At what period these two s stras first assumed a definite form we are unable to ascertain Discussions of the nature of those which constitute the subject matter of the P rva M m ms must have arisen at a very early period and the word M m ms itself together with its derivatives is already employed in the Br hmanas to denote the doubts and discussions connected with certain contested points of ritual The want of a body of definite rules prescribing how to act i e how to perform the various sacrifices in full accordance with the teaching of the Veda was indeed an urgent one because it was an altogether practical want continually pressing itself on the adhvaryus engaged in ritualistic duties And the task of establishing such rules was moreover a comparatively limited and feasible one for the members of a certain Vedic s kh or school had to do no more than to digest thoroughly their own br hmana and samhit without being under any obligation of reconciling with the teaching of their own books the occasionally conflicting rules implied in the texts of other s kh s It was assumed that action as being something which depends on the will and choice of man admits of alternatives so that a certain sacrifice may be performed in different ways by members of different Vedic schools or even by the followers of one and the same s kh The Uttara M m ms s stra may be supposed to have originated considerably later than the P rva M m ms In the

first place the texts with which it is concerned doubtless constitute the latest branch of Vedic literature And in the second place the subject matter of those texts did not call for a systematical treatment with equal urgency as it was in no way connected with practice the mental attitude of the authors of the Upanishads who in their lucubrations on Brahman and the soul aim at nothing less than at definiteness and coherence may have perpetuated itself through many generations without any great inconvenience resulting therefrom The Vedânta-sûtras Bâdarâyaña,1925 *Daily meditations on the mysteries of our holy faith, and on the lives of ... Jesus Christ and of the saints. Transl Alonso de Andrade,1879* The Vedânta-sutras ... Bâdarâyaña,1890 **Vedânta-sûtras** Bâdarâyaña,1896 *Meditations for Every Day in the Month* François Nepveu,1911 **Meditations on nature's teaching and other poems, by E.L.W.** E L. Wilby,1896 **The Sacred Books of the East** Friedrich Max Müller,1896 A Restless Soul Henri J. M. Nouwen,2008 A mysterious island An abandoned orphanage And a strange collection of very curious photographs It all waits to be discovered in Miss Peregrine s Home for Peculiar Children an unforgettable novel that mixes fiction and photography in a thrilling reading experience As our story opens a horrific family tragedy sets sixteen year old Jacob journeying to a remote island off the coast of Wales where he discovers the crumbling ruins of Miss Peregrine s Home for Peculiar Children As Jacob explores its abandoned bedrooms and hallways it becomes clear that the children who once lived here one of whom was his own grandfather were more than just peculiar They may have been dangerous They may have been quarantined on a desolate island for good reason And somehow impossible though it seems they may still be alive A spine tingling fantasy illustrated with haunting vintage photography Miss Peregrine s Home for Peculiar Children will delight adults teens and anyone who relishes an adventure in the shadows
