Plante, 2009

This book is for mental health practitioners who want to enhance their clients' psychological wellbeing using therapeutic tools drawn from spiritual and religious thought. What can a non-religious therapist do when a client directly requests help with a problem involving spiritual matters? How can a therapist who is engaged in a religious tradition frame strategies such as discerning vocation, participating in spiritual or religious rituals, and forgiving in ways that are acceptable to secular clients? Thomas Plante answers these questions and more by presenting thirteen tools to improve psychological and spiritual health that can be integrated into secular or religious-oriented practice. *Spiritual Practices in Psychotherapy* first reviews history, philosophy, and research behind and evidence for integrating tools such as meditation, learning from spiritual models, and becoming part of something larger than oneself into therapy practice. Dr. Plante makes a case for integrating spiritual and religious tools in therapy as part of ethical practice and as a way to add value to services such as assessment, counseling, and consultation with other professionals. A rich and diverse collection of case illustrations shows how to conduct psychotherapy using these tools and walks readers through real-world examples of how to consult with clergy. Finally, the book offers an agenda for continued research and education and a variety of resources for further study in this area.

The authors weave their own layered multicultural experiences with procedural, theoretical, and practical lessons to bring readers a model for how they might infuse their own clinical work with inclusion and multicultural sensitivity. The authors present a broad definition of culture to include nationality, ethnicity, language, age, gender, socioeconomic status, family roles, and other affiliations and engage the reader with lively examples and

exercises that can be adapted for classroom supervision groups or individual use With this book readers will learn how to help clients explore discover and leverage those internalized voices of their culture teachers that teach us who we are how to behave and how to resolve our problems or find life balance     **Commercial West** ,1913     **The Open Road** Clayton Holt Ernst,1922     Professional Engineer ,1924     **Engineering & Contracting** ,1918     Professional Safety ,2001-07     The Journal of the American Dental Association American Dental Association,1924     **Current opinion** ,1921
