Goodrich, Jack Zanville Sissors, 1993-01-01 [Media Planning Workbook](#) William Goodrich, Jack Sissors, 2001-01-01 **Media Planning & Buying in the 21st Century** Ronald D. Geskey, 2014-10-29 Advertising Media Planning and Buying Textbook NEW Media Planning the media revolution the concepts of audience impact and media costs media math media in marketing how media work target marketing and geographic development the tools of IMC role of traditional vs digital media internet marketing developing a strategic media plan media negotiations and buying media sales the future and a few surprises The Media Planning Revolution Let the buyer beware We are in the early stages of a media revolution with exponential change everywhere which impacts every aspect of the marketing communications and advertising media planning process Examples changes in demographics demand for integrated marketing communications and interactivity demand for accountability new technologies and media innovations certain traditional media will likely flounder media convergence will continue and consumers will gain even more control over their media advertising consumption Jesse James Rides Again As if learning about the exciting changes like those cited above wasn't enough here's a new and perhaps unexpected challenge for advertising media professors students and professionals alike In the good old days media planning and buying and selling used to be a goody two shoes occupation i.e. there was little to no fraud found in buying or selling media no fake audiences no cheating no illegal cooking the books no computer programs dedicated to stealing from advertisers Disagreements yelling and screaming yes but intentional dishonesty and breaking the law No Multi million dollar deals with television networks were sealed with a phone call or a handshake There was mutual trust between buyers and sellers If a magazine rep promised a page 1 position you could take it to the bank Caveat Emptor Today we are

once again living in the Wild Wild West We are saturated with internet sales hype dubious audience definitions and rampant on line ad fraud perpetrated by a large handful of crooks With bogus clicks and fake impressions and no transparency advertisers are being cheated out of at least 10 11 billion or more annually by fraudsters What s worse this fraud is taking place in the open Industry leadership knows about it but has done nothing because everyone profits from it except advertisers The Author Ronald D Geskey Sr Ronald D Geskey Sr spent over 30 years in account including Leo Burnett Chicago Texas Tech D Arcy Campbell Ewald and General Motors R Works Ron worked with clients such as Allstate Midland Bank Green Giant KFC Heinz Ketchup Glad Bags 3M Company Conwed Chevrolet Motor Division Chevrolet dealers and General Motors Ron has a masters in marketing communication from Southern Illinois University and other post graduate work at Northwestern Michigan State and Wharton
