## **Medical Astrology:**

Medical Astrology - A Rational Approach J.N. Bhasin, 1970 It has been endeavoured to introduce a few specialties in this book Firstly to discuss for the benefit of the student of astrology a maximum number of diseases under astrological laws Secondly to supply in support of that discussion as many illustrations from actual life as is possible with a view to make the subject readily understandable Thirdly we have tried to place the astrological material in a rational logical manner so that the question of health and disease can be tackled in an independent way without being too much subservient to the shlokas of the text We do meet with shlokas dealing with most of the diseases but there are very few books if at all which discuss the how and why of disease We have attempted to discuss the constituents of diseases and the astrological factors representing them severely in order that the student can extend the application of the method to new diseases *Medical Astrology* Eileen Nauman, 1996-05-01 Health A holistic approach to medical astrology Eileen Nauman inventor of the Med Scan Technique explores medical astrology through signs planets and aspects She makes the complex simple for anyone to understand and utilize Astrology Part I is the medical astrology guide Seven case histories show the efficacy of medical astrology in action and how it can help not only the patient but the medical doctor and health practitioner as well Medical transits are discussed in detail Nutrition Part II is a guide to nutrition Information on vitamins mineral homeopathy the endocrine system and Bach Flower Remedies empowers the reader to find everything in one book A glossary of medical terms is included Her web site [www.medicinegarden.com](http://www.medicinegarden.com) has many more articles on medical astrology information on flower and gems essences and other related fields of interest *Medical Astrology for Beginners* Arun Bansal, The diseases are the result of our past karmas and indicated by weak and afflicted planets This can be easily understood by an astrologer Therefore every book on astrology has discussed the diseases and yogas for these diseases are scattered throughout the astrological literature Some of these Yogas have been compiled in this book for the intelligent readers with the observations and experiences of author Author has used the astrology for the purpose of diagnosis as other laboratory tests MRI and CAT SCAN etc It gave good results to understand whether the chronic diseases are curable or not Moreover it has helped to understand the time period of onset of the disease which no other science can explain Therefore astrology is science of sciences One must be careful while predicting diseases because so many factors are involved in prediction Only the yoga for disease is not sufficient If the yoga is aspected by benefic planets the results will be nullification of malefic influence The disease depends on the strength of the disease producing planets Even if a disease may be indicated from a house from lagna but from Moon and navamsha lagna the same house is strong and lord is fortified the malefic influence may get cancelled Therefore while judging one must consider the house lord of house and karaka of the house rashish where the lord of house is posited i.e. dispositor and navamshesh the lord of house in navamsha chart where the lord of the house is posited and relationship in navamsha chart between lagna lord and lord of the house into consideration from lagna Moon navamsha lagna

and nakshatra of the planet in which he is posited One must take into consideration the nature and qualities of the planets causing the disease functional benefic or malefic to the lagna house in which they are posited The benefic planet will certainly cause less harm than the malefic planet The relationship between the two planets also affects the disease producing capacity The relationship is also natural and functional The aspect and conjunction of the planets should also be taken into consideration The retrograde malefic planet is more powerful in causing diseases than the normal malefic planet The retrograde benefic planet does not protect the native When a benefic planet is lord of maraka house and posited in that house it becomes strong maraka planet Keeping the above factors into consideration we can predict the timing of onset of diseases with the help of dasha system and Gochar The most common dasha system employed is Vimshottari dasha system Still we can divided the timing of diseases into 1 Yogas present in the horoscope 2 Dasha bhukti Paratyantar dasha 3 Transit Gochar 4 Horary All these factors have been discussed in this book in detail

**Secrets of Medical Astrology** Jatinder Pal Singh Sandhu, 2022-01-05 Medical astrology is the art and craft of analyzing the horoscope for various susceptibilities related to the health of the native This astrological scan of the horoscope can help in locating the organ affected by the disease Medical astrology assigns various body parts to houses or bhavas signs of the zodiac and planets as per Indian astrology Classical texts of astrology link Ayurveda with Jyotish The reference of Ayurvedic terminology in explaining the the patterns of body type and type of diseases that can manifest through it is found in almost each recognized classic This book of mine third in the series of medical astrology Roots of Medical Astrology Ready Reckoner of Medical Astrology have already been published and had rave reviews is an effort to link Ayurveda in a more specific way to the rules and fundamentals of Vedic astrology There are ample example charts to illustrate the combination represented by a particular disease Hippocrates the Greek physician who is regarded as the father of medicine said that He who does not understand astrology is not a doctor All doctors have to take the Oath of Hippocrates but now medical astrology is disregarded as pseudo science by said practitioners of medicine

*The Science of Medical Astrology* Rameshrao N., Alex Hankey, 2020-01-21 A new book on Jyotisha Astrology Its experimental proof in cell biology and the science behind it Unbelievable Could you possibly imagine a book that provided a scientific proof of astrology One that not only tells the story of many scientific experiments testing and verifying astrological predictions but which also provides a full physical theory of the science behind it In other words a book that examines astrology on a full scientific basis The Science of Medical Astrology The Experimental Proof of Jyotisha does exactly that Written by a rare combination of supremely skilled individuals one a top expert in veterinary science with a reputation that takes him for private consultations all over India and the other a scientist with top qualifications from two of the world s best scientific universities a Master s in Natural Sciences from the UK s University of Cambridge and a PhD from M I T partly directed by a famous Nobel laureate in physics Rameshrao Narayan PhD and Alex Hankey PhD are the authors of this extraordinary text As a young vet from Bangalore Rameshrao Narayan refused to accept a Jyotishi s warnings of a nearly

fatal accident Over the next three years as he lay in bed recovering he learned India's ancient system of Jyotisha astrology As luck would have it Professor Alex Hankey who directs PhD research at the S VYASA Yoga University met Rameshrao and agreed to become his PhD guide on the very day that he joined the university The book is an outgrowth of Rameshrao's insights and PhD research combined with Alex's scientific skills It tells a simple story first experiments on vaccination of sheep and goats were compromised by a deadly storm that killed a third of the flock Resulting data were problematic Friendship with the Director of the Institute producing veterinary vaccines for all Karnataka led Rameshrao to embark on a new series of experiments where predictions were made about the success of such production processes Very clear results were obtained Jupiter and the Moon supported life while Rahu the North Node of the Moon opposed it Solar eclipses had even stronger inimical effects than Rahu Rameshrao's research was much acclaimed and won him the Best Research in Conference Award at the WAIRCO Conference in Colombo in 2013 Alex developed a theory combining complexity biology and quantum astrophysics that India's greatest living physicist could not fault The rest is history compellingly narrated in the book

Essentials of Medical Astrology Harry F. Darling, 1981 Essentials of Medical Astrology is a classic and definitive volume about medical astrology Within these pages are chapters devoted to Physiology health and disease Basic and more advanced principles of medical chart delineation The influence of the cardinal fixed and mutable signs Degenerative disease Numerous examples illustrate the broad range of medical astrology techniques included in this book and a comprehensive glossary of medical terms provides an excellent reference tool for the astrologer

Introduction to Medical Astrology Wanda Sellar, 2014-06-04 Medical astrology is a fascinating subject yet undoubtedly a rather challenging one In this work however the author attempts to ease the path towards greater understanding of traditional astrological principles regarding health as well as introducing some new experiential ideas These have been developed through her long practice in this field What can sometimes be helpful in studying a chart is to understand the psychological underlay to medical conditions inherent in the cosmic pattern The many charts included in this work from the author's own casebook as well as the charts of some public figures both current and historical suggest guidelines for interpretation This book is recommended for anyone who is interested in exploring medical astrology in greater depth and perhaps including some aspects of it in their own astrological work

Your Health in Your Horoscope Stefan Stenudd, 2015-06-04 Learn how your health is described by the Zodiac signs the movements of the planets their aspects and the astrological Houses This book contains all the basics you need to get started on that exploration Please do not trust this book more than your doctor The ancient tradition of astrology is another way of looking at ourselves than the methods developed by modern natural science It cannot substitute science any more than science can incorporate astrology The best use you can have of this introduction to medical astrology is as an alternative perspective on your health By examining your horoscope you shed light on the complexity of living your life in ways that agree with you the most Stefan Stenudd is a Swedish author who has written several bestselling books about

astrology since the 1970 s He has also written books about myth life energy concepts Ancient Greek cosmology and the Japanese martial arts His fiction too deals with cosmological and existential themes      **Medical Astrology** Heinrich Daath,2024-07-29 Medical Astrology by Heinrich Daath is an authoritative and illuminating exploration of the ancient practice of using astrology to understand and influence health and well being Daath a distinguished astrologer and scholar bridges the gap between traditional astrological wisdom and modern medical knowledge offering readers a comprehensive guide to the principles and applications of medical astrology In this profound work Daath delves into the intricate relationships between the celestial bodies and human health He explains how the positions and movements of the planets can affect physical and mental health providing insights into the underlying causes of various ailments and conditions Through detailed explanations and practical guidance Daath demonstrates how to interpret astrological charts to gain a deeper understanding of individual health profiles and potential predispositions Medical Astrology also includes historical context tracing the roots of medical astrology in various cultures and highlighting its evolution and relevance in contemporary holistic health practices Daath emphasizes the importance of integrating astrological insights with modern medical knowledge to achieve a balanced and effective approach to health and healing Heinrich Daath s Medical Astrology is a must read for astrologers holistic health practitioners and anyone interested in the powerful connections between the cosmos and human health It stands as a testament to the enduring wisdom of medical astrology and its potential to enhance our understanding of health and well being      Raphael's Medical Astrology Raphael,1910      **An Encyclopaedia of Medical Astrology** H. *MEDICAL ASTROLOGY* Dr. Douglas M. Baker,2014-11-23 *MEDICAL ASTROLOGY* By Dr Douglas M Baker B A M R C S L R C P The author a medical doctor has used astrology as an additional diagnostic technique for 50 years and whilst not being as accurate in discovery as the diagnostic capacities of modern medicine it can act as a second opinion and sometimes point out an infrastructure to the complaint as well as a holistic interpretation The use of esoteric rulers has made the work easier giving more accurate and specific interpretations because of their one ruler for one sign basis It has also been a joy to note that horoscopes of the famous where illnesses and causes of death have been well known corroborate the esoteric rulers and have fitted into the pattern of my own discoveries and observations Many examples conditions charts and interpretations are given here to demonstrate the merits of this method The author s own experience of medical conditions in which there is a link between two faculties like muscle and the forebrain is that one factor may mask another via their interconnections The immense value of astrology as a diagnostic tool is that where conditions arise from multiple factors each can be identified separately in the horoscope and investigated further for their inter connectedness through the relevant aspects This knowledge was shared at the 1998 world convention of astrologers in Orlando Florida USA      *Body Astrology* Claire Gallagher,2022-02-01 Let the planets be your guide to reestablish trust in your own body and inner wisdom Your astrological

**Encyclopaedia of Medical Astrology** Howard Leslie Cornell, M. D. Howard Leslie Cornell, 2010-10 In my years of practice as a physician I have by the use of Astrology been able to very quickly locate the seat of the disease the cause of the trouble the time when the patient began to feel uncomfortable as based on the birth data of the patient and this without even touching or examining the patient and my intense desire to get this knowledge and wisdom before students and Healers in a classified form is the reason for this Encyclopaedia When once you have discovered the cause of the disease and understand its philosophy and the relation of the patient to the great Scheme of Nature the matter of treatment I leave to you and according to the System and Methods you may be using pg 502 This is not only the best book ever written on medical astrology it is also the best medieval medical reference ever put in print This book excels in diagnosis in other words if the symptom is X then the astrological cause is Y Which becomes the key to reading the patient's chart or his decumbiture Cornell writes in traditional language The same language in fact as you will find in Culpeper Saunders Lilly Blagrove and many others This book is the key that will open these and many more Howard Leslie Cornell M D 1872 1938 was a naturopathic physician with a practice in the US and India In 1918 he set about to compile the medical references in his many astrology books As he himself wrote it became a momentous task eventually comprising two large ledgers These were then arranged classified disentangled and wrote into readable form Only at that point did he consider making a proper book of it and set about retyping and rearranging yet again The result of 15 years work was published in 1933 It has been in print off and on ever since It remains the one indispensable medical astrology book The Encyclopaedia of Medical Astrology repays close study A page by page reading is most rewarding

**Traditional Medical Astrology** J. Lee Lehman, 2012 Medical Astrology is no longer a specialty that only a few astrologers can learn to use as was the case for the last century Presented here is a step by step approach to teaching the logic of this field which traditionally was part of every natal astrologer's work Included are natal horary and electional methods as well as an extensive history of medical astrology and its uses Dr Lehman

offers the traditional astrological methods for this system also emphasizing that medical astrology was always an adjunct to medicine not a complete system by itself This book is designed for the intermediate student in astrology who wants to learn the basics of how this system works Both theory and practice of these methods are taught MEDICAL STELLAR ASTROLOGY GIACOMO ALBANO,2021-05-14 The aim of this book is to apply the principles of stellar astrology to the field of medical astrology in order to have a clearer picture complete and iconic thanks to the descriptive role of celestial images of astrological factors that can lead to serious diseases In fact if we disregard the important role played by constellations asterisms and stars in this area it is very hard nearly impossible to predict whether certain critical factors of the birth chart will manifest as diseases or otherwise and especially to predict whether these diseases will be serious And this is because as always in astrology serious events are always signaled by a redundancy of astrological factors at various levels I refer in particular to the role of celestial images and of the various parts composing them which in most cases also correspond to various parts of the human body the role of some stars not only those of azemena the importance in these analyses of the heliacal phases of stars and planets and the paran that accompany them the parallels of declination between planets and between stars and planets and other considerations that we expose in the following pages I dedicate a great deal of space to the exposition of important principles of medical elective astrology I refer both to those we have inherited from the astrological tradition and to the new ones that can be deduced on the one hand from the general principles of stellar astrology and on the other hand from the concrete analysis of the birth charts of people who have had serious health problems both fatal and healing cases and of the great doctors who have dedicated their lives to the cure of diseases and the research of vaccines that have saved millions of lives Medical Astrology In Action: The Transits of Health Judith A. Hill,2019-05-08 Medical Astrology in Action by award winning internationally recognized author Hill is the only book in print exclusively devoted to the distinctly physical and medical impacts of the transiting Sun Moon planets and Lunar Nodes upon the natal chart This is a practical repertory useful for both natal and transit charts Hill s liberal inclusion of Field Notes Herbal Tips and Surgical Notes makes for delectable reading All major aspects are discussed with an emphasis on conjunctions Illuminating entry chapters explain and demonstrate aspect mechanics and other fine details of chart interpretation The popular author packs her lifetime of experience and vast knowledge into this significant work comprising a dramatic advance in the state of the art Foreword by renowned Herbalist Matthew Wood AHG MSc No fluff or padding here this book is all depth Suitable for students of astrology and professionals alike Beautifully illustrated by the author

Roots of Medical Astrology Jatinder Pal Singh Sandhu,2023-06-25 Medical Astrology is the art and science of evaluating and predicting disease susceptibilities and possibilities from the astrological horoscope This method is unique and brilliant as the disease possibility can be analyzed without the benefit of physical examination and other determination methods like medical tests In olden days it was essential for the physician to have the knowledge of astronomy and astrology Hippocrates

the Greek physician who is regarded as the father of medicine insisted his students study astrology saying He who does not understand astrology is not a doctor Each of the astrological signs along with the sun Moon and planets with different parts of the human body This book on Medical Astrology promises to be the guidebook for seekers and students of medical astrology it offers exhaustive tables depicting body parts from an ayurvedic and western perspective There are many topics discussed in the book that have not been covered till date by any of authors of Medical astrology unique to the book are few methods and techniques like locating the seat of disease by the application of six methods timing of the disease by the between four humor theory of western astrology and the three doshas of Ayurved etc Other than that he book covers the entire gamut of known disease through simple astrological combinations and sufficient astrological examples This is a must have book for all students scholars and enthusiasts of astrology      *Medical Astrology for the Mind* Cynthia
