## **Medieval Vision:**

**The High Medieval Dream Vision** Kathryn L. Lynch, 1988-06-01 In the High Middle Ages the dream narrative was an enormously popular and influential form. Along with the romance it was perhaps the genre of the age. It has come down to us in such classics twelfth to fourteenth century classics as *The Divine Comedy*, *The Romance of the Rose*, *Piers Plowman*, Chaucer's early poetry and the works of Guillaume de Machaut. This book redefines the dream vision by attending to its role in philosophical debate of the time, a conservative role in defense of the high medieval synthesis of reason and revelation. Lynch shows how the epistemological basis of this synthesis and the theories of visions that emerged from it drew on Arabic commentaries of Aristotle. These theories informed poetic visions modeled on Boethius's *Consolation of Philosophy*, a work she discusses in detail before turning to Alain de Lille, Jean de Meun, and Dante. A final section on John Gower's *Confessio Amantis* shows how fourteenth and fifteenth century writers extended and finally moved beyond the conventional form of the dream vision.

**The Medieval Vision** Carolly Erickson, 1976 This exceptionally readable book describes how medieval men and women perceived their world and how their vision of it colored their ideas about natural and supernatural occurrences and their attitudes about land and property, government, the role of women, crime, lawlessness, and outlaws.

Medieval Visions of Heaven and Hell Eileen Gardiner, 2018-12-07 First Published in 1993 The present volume covers the currently identified Christian visions of heaven and hell, excluding Dante's *Divine Comedy* from western Europe during the Middle Ages from the late sixth through the fourteenth century.

**Visions in Late Medieval England** Gwenfair Walters Adams, 2007-02-01 Visions were highly popular in the late Middle Ages, whether preached as vivid stories from the pulpit, illuminated in saint-filled manuscripts, or experienced during the breathless anticipation of a Mass, or eerie darkness of a Yorkshire graveyard. This volume is the first to map out the wide range of vision types in late medieval English lay piety. Analyzing 1000 visionary accounts gathered from sermon and exempla collections, religious devotional works, saints' legends, and lay stories, it explores five central dynamics of spirituality that visions shaped and sustained: Transactions of Satisfaction, visits to and from purgatory and hell, Reciprocated Devotion, visitations of the saints, Spiritual Warfare, attacks by demons, Supra-Sacramental Sight, Mass and Passion sightings, and Mediated Revelation, prophetic visions.

Seeing Through the Veil Suzanne Conklin Akbari, 2004-01-01 During the later Middle Ages, new optical theories were introduced that located the power of sight not in the seeing subject but in the passive object of vision. This shift had a powerful impact not only on medieval science but also on theories of knowledge, and this changing relationship of vision and knowledge was a crucial element in late medieval religious devotion. In *Seeing through the Veil*, Suzanne Conklin Akbari examines several late medieval allegories in the context of contemporary paradigm shifts in scientific and philosophical theories of vision. After a survey on the genre of allegory and an overview of medieval optical theories, Akbari delves into more detailed studies of several medieval literary works, including *The Roman de la Rose*, Dante's *Vita Nuova*, *Convivio*, and *Commedia*, and Chaucer's

dream visions and Canterbury Tales The final chapter Division and Darkness centres on the legacy of allegory in the fifteenth century Offering a new interdisciplinary synthetic approach to late medieval intellectual history and to major works within the medieval literary canon Seeing through the Veil will be an essential resource to the study of medieval literature and culture as well as philosophy history of art and history of science Looking Beyond Colum Hourihane,2010 A collection of essays examining the the concept of representing visions and dreams in the medieval period Includes discussions of modern visions which highlight how our belief in the non corporal world still exists **Troubled Vision** E. Campbell,R. Mills,2016-04-30 Troubled Vision is an interdisciplinary collection of essays that explores the interface between gender sexuality and vision in medieval culture The volume represents an exciting array of scholarship dealing with visual and textual cultures from the Eleventh to the Fifteenth centuries Bringing together a range of theoretical approaches that address the troubling effects of vision on medieval texts and images the book mediates between medieval and modern constructions of gender and sexuality Troubled Vision focuses thematically on four central themes Desire looking representation and reading Topics include the gender of the gaze the visibility of queer desires troubled representations of gender and sexuality spectacle and reader response and the visual troubling of modern critical categories Reader's Guide to Literature in English Mark Hawkins-Dady,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company **Sight and Embodiment in the Middle Ages** S. Biernoff,2002-07-01 This book breaks new ground by bringing postmodern writings on vision and embodiment into dialogue with medieval texts and images an interdisciplinary strategy that illuminates and complicates both cultures This is an invaluable reference work for anyone interested in the history and theory of visuality and it is essential reading for scholars of art science or spirituality in the medieval period **Vision, Devotion, and Self-Representation in Late Medieval Art** Alexa Sand,2014-03-31 Focuses on one of the most attractive features of late medieval manuscript illumination the portrait of the book owner at prayer within the pages of her prayer book Ekphrastic Medieval Visions C. Barbetti,2011-10-27 Explores the transformative power of ekphrasis in high and late medieval dream visions and mystical visions Demonstrates that medieval ekphrases reveal ekphrasis as a process rather than a genre and shows how it works with cultural memory to transform shift and revise composition *The Apocalypse in the Middle Ages* Richard Kenneth Emmerson,Bernard McGinn,1992 An innovative overview of the influence of the Apocalypse on the shaping of the Christian culture of the Middle Ages **A Companion to Old and Middle English Literature** Laura Lambdin,Robert Thomas Lambdin,2002-06-30 Old and Middle English literature can be obscure and challenging So too can the vast body of criticism it has elicited Yet the masters of medieval literature often drew on similar texts since imitation was admired For this reason recent scholarship has often focused on the importance of genre The genre in which a work was written can illuminate the author s intentions and the text s meaning Read in light of a genre s parameters a given work can be considered in relation to other works within the same category This reference is a

comprehensive overview of Old and Middle English literature Chapters focus on particular genres such as Allegorical Verse Balladry Beast Fable Chronicle Debate Poetry Epic and Heroic Lyric Middle English Parody Burlesque Religious and Allegorical Verse and Romance Expert contributors define the primary characteristics of each genre and discuss relevant literary works Chapters provide extensive reviews of scholarship and close with detailed bibliographies A more thorough bibliography of major scholarly studies closes the book

**Venue and the Defense of Republican Liberty , A Contribution to the Comparative Study of the Medieval Visions of Heaven and Hell** Ernest Julius Becker,1899

**Vision and Audience in Medieval Drama** Andrea Louise Young,2016-04-29 The earliest complete morality play in English The Castle of Perseverance depicts the culture of medieval East Anglia a region once known for its production of artistic objects Discussing the spectator experience of this famed play Young argues that vision is the organizing principle that informs this play s staging structure and narrative

**Visions of the Other World in Middle English** Robert Easting,1997 This bibliography covers visions of Heaven and Hell or more usually Purgatory and Earthly Paradise in 19 medieval texts relating seven visions the vision of St Paul or the Eleven Pains of Hell St Patrick s purgatory the vision of Tundale a revelation of purgatory the revelation of the Monk of Eynsham the vision of Fursey and the vision of Edmund Leversedge

**The Art of Vision** Andrew James Johnston,Ethan Knapp,Margitta Rouse,2015 One of the most common ways of setting the arts in parallel at least from the literary side is through the popular rhetorical device of ekphrasis The original meaning of this term is simply an extended and detailed lively description but it has been used most commonly in reference to painting or sculpture In this lively collection of essays Andrew James Johnston Ethan Knapp and Margitta Rouse offer a major contribution to the study of text image relationships in medieval Europe Resisting any rigid definition of ekphrasis The Art of Vision is committed to reclaiming medieval ekphrasis which has not only been criticized for its supposed aesthetic narcissism but has also frequently been depicted as belonging to an epoch when the distinctions between word and image were far less rigidly drawn Examples studied range from the eleventh through the seventeenth centuries and include texts written in Medieval Latin Medieval French Middle English Middle Scots Middle High German and Early Modern English The essays in this volume highlight precisely the entanglements that ekphrasis suggests and or rejects not merely of word and image but also of sign and thing stasis and mobility medieval and early modern absence and presence the rhetorical and the visual thinking and feeling knowledge and desire and many more The Art of Vision furthers our understanding of the complexities of medieval ekphrasis while also complicating later understandings of this device As such it offers a more diverse account of medieval ekphrasis than previous studies of medieval text image relationships which have normally focused on a single country language or even manuscript

**A Contribution to the Comparative Study of the Medieval Visions of Heaven and Hell (Classic Reprint)** Ernest Julius Becker,2018-03-22 Excerpt from A Contribution to the Comparative Study of the Medieval Visions of Heaven and Hell The present study represents the result of an attempt to com

pare more closely than has hitherto been done the English medieval Visions of Heaven and Hell The original plan was to specialize on one particular work the Vision of St Paul and using it as a point of departure to bring the other similar works into organic connection with it and with one another Almost inevitably however the field for investigation grew broader and broader as the work went on new and important points of contact constantly presented themselves and it very soon became evident that the study in order to attain even a partial degree of completeness could not be confined within the boundaries of England In order to trace the incidents of the English visions back to their ultimate sources it became imperative to consider carefully certain intermediate continental works in connection with them and from these it was but a short step to the earlier and More primitive works which constitute the foundation of medieval vision literature About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works     **A**
