Meditations In The Mountains:

Meditations in the Mountains Marion Vuilleumier, 1983 Meditations on the Peaks Julius Evola, 1998-02-01 Evola articulates the close relationship between the physical rigors of mountain climbing and the ascent of the initiate toward self transcendence Julius Evola a leading exponent of esoteric thought was also an ardent mountain climber who personally scaled the peaks of the Tyrols Alps and Dolomites For Evola the physical conquest of a mountain with all the courage self transcendence and mental lucidity that it entails becomes an inseparable and complementary part of spiritual awakening It is no coincidence that many ancient cultures chose mountains as the abodes of their gods and considered the rigorous ascent of peaks as the task of heroes and initiates In modern times which tend to suffocate the heroic with naked self interest the mountain still forms part of the profound dimension of spirit where the soul finds within itself more than what it thought itself to be In Meditations on the Peaks Evola combines recollections of his own experiences with reflections on other inspirational men and women who shared his view of the transcendent greatness of mountains **Meditations on a Mountain** Sally Mueller, 2000 *Meditations at 10,000 Feet* James Trefil, 1986 **Mountains and Meditations** Ned Green, Jon Bishop, Sue Buck, 2019-05-06 Mountains reach toward the sun slowly rising through millennia to impress us with their timeless majesty Their immensity calls us to climb grow and reflect upon their quiet grace that outlives us all Read all new works by twenty five Central and Western Massachusetts voices from the Quabbin area as they meditate on the literal and figurative mountains that exist in all our lives Surf the Wasatch Billy McClain, 2024-09-01 Part backcountry part snowsurfing part meditation and zen and part journal of time spent over a season in the Utah Wasatch mountains exploring and snowboarding A journal that blends backcountry riding with meditations and thoughts on snowsurfing and peace It s a meditation on the mountains a zen exploration of nature s beauty and a personal journal capturing moments from an extraordinary season spent carving through the Utah Wasatch mountains You are invited to join for a few turns through a season It s not just about the lines drawn in the snow but about the introspection that occurs between each carve where the author found his flow a state of being where everything comes together in perfect harmony If you re seeking something more meaningful than the rush of the ride something that speaks to the deeper currents running beneath the surface of the snow check out Surf the Wasatch **Climbing the Blue Mountain** Eknath Easwaran, 2022-01-04 Sixteen lively essays illuminate different aspects of the spiritual journey The introduction presents the author as a travel agent on a journey to the spiritual world within us The essays are metaphorical travel brochures invitations to take the plunge into self discovery through the adventure of meditation Edited from his extemporaneous talks this inspiring collection of essays gives the flavor of hearing this great spiritual teacher and storyteller in person Easwaran successfully combines his Eastern and Western wisdom which includes a thorough knowledge of English literature into an eight point program usable by followers of all religious traditions **Meditations for the use of the clergy, for every day in the year.
